

High School Area Requisition For Stirling Is Increased \$1,400.00

Deputation From Chamber of Commerce — Unpaid Taxes Returned To County

Taxpayers of Stirling will be required to pay an additional fourteen hundred dollars over last year for educational costs in Centre Hastings High School Area, according to the requisition tabled at the regular monthly meeting of Council on Monday night. This year's requisition is \$10,194.80.

Reeve R. K. West presided and Councillors G. Bradshaw, Harry Philip, K. Ray and C. A. Wells were in attendance.

A communication was tabled from Mrs. R. B. Bell on behalf of the Girl Guides asking for the use of the Community Hall on Wednesday, May 25th, for a mother and daughter banquet. Council decided against any reduction in the regular rental rate.

Complained Against Dogs

A letter from the Horticultural Society, drew the attention of Council to the damage to flowers, shrubs, etc. caused by dogs running at large and asked for the enforcement of the dog bylaw. On motion of Councillors Wells and Bradshaw the bylaw re dogs running at large is to be published in the News-Argus.

Deputation Heard

E. Ketcheson, Don Rodgers and Roy Eggleton, representing the Chamber of Commerce, addressed Council. Messrs. Ketcheson and Rodgers spoke regarding the Lake Ontario Regional Development plan, stating that Stirling was in Zone 3, which comprised 19 municipalities in Hastings, Prince Edward and Lennox and Addington Counties, and asking Council's participation and support of the project. The yearly fee for the Village would be \$80.00. The speakers also asked for a representation from Council at the meeting in Campbellford on Wednesday. Councillors decided against any action until more was known of the plan.

Roy Eggleton, a member of the Civic Committee of the Chamber, spoke of the need of a spot in the Village for tourists to park and suggested the park along the north bank of the pond be cleaned up and picnic tables and benches provided.

He also drew attention of Council to the unsafe and unsightly condition of the Trudeau building on the south side of Mill St. and stated the Chamber of Commerce was of the opinion that action should be taken to have it torn down.

Council decided to adopt the Chamber's suggestion regarding the park and the matter of the Trudeau building was left in the hands of the building inspector to take appropriate action.

Unpaid Taxes Returned

Clerk Mallory advised Council that unpaid 1954 taxes amounted to \$903.07 and on motion of Councillors Wells and Philip they were ordered returned to the County for collection.

Ray Rose was again given the task of cutting the grass on the parks at a fee of \$40.00.

On motion of Councillors Wells and Bradshaw, Don Tucker was appointed Pound Keeper for the Village.

Councillors were critical of equipment and materials being ordered without authorization from heads of departments and charged to the Corporation, and requisition forms were ordered procured for use in future. Such forms will accompany all orders and must be attached to the invoices. To Be Sworn In As Constable

The matter of having the night watchman sworn in as a Constable was discussed and on motion of Wells and Bradshaw, Don Tucker was sworn in as a Constable. Reeve West asked for a recorded vote on the question. Ayes — Councillors Wells, Bradshaw, Philip and Ray; nays — Reeve West.

The following accounts were presented for payment:
Stirling Public Utilities, \$291.41; R. A. Patterson, \$131.85; Harry Jones, \$104.75; Roy Irven, \$81.25; F. A. R. MacFadden, \$500.00; LaFrance Fire Engine, \$32.89; Bell Telephone, \$7.45; Thos. Whillier & Son, \$38.85; Blake Joby, \$3.00; McIntosh & Wells, \$45.50; Stirling Feed Co., \$12.54; Fred McCutcheon, \$58.50; Thos. Spry, \$124.20; Chas. Davidson, \$1.00.

Girl Guides Are Shown Methods of Artificial Respiration By Scouts

Tuesday evening, April 26th at 7 p.m. the Girl Guide Company under the leadership of Mrs. R. Luery, Mrs. A. O. Dalrymple and Mrs. E. Cain, met in the Public School auditorium. The attendance was good.

After the Queen was sung, roll call, inspection and collection was taken. Horse Shoe Drill and Patrol Corners followed. The Guides had the pleasure of having Scouts Ronnie Woodbeck and Doug McIntosh attend their meeting and demonstrate two methods of artificial respiration. The girls gained valuable knowledge from this meeting.

The eight girls consisting of 4 patrol Leaders and 4 Seconds, trying for their 1st Class Badge, were tested on compass reading, artificial respiration, sketch map and map reading while the Scouts were in attendance; while the Second Class Guides passed their arm slings test.

Guide games and songs were enjoyed before closing with prayer and Taps.

The Guides and leaders would like to thank all for making the "Hot Cross Bun Day" such a success and to all who saved box tops for them. Mrs. Cornett Speaker

On Tuesday evening, May 3rd, Mrs. Wm. Cornett visited the Company and gave a very interesting talk on one of the 1st Class tests, "Care of a person ill in bed at home." Mrs. Cornett showed the girls how to change a bed with a patient in it and also how to use a clinical thermometer.

Complete Work

Four Guides have completed their 2nd Class work and the leaders hope to have several 1st Class Guides before the end of the season.

Legion Attends Divine Service At St. Andrew's

Members of Stirling Legion, No. 228, paraded to St. Andrew's Presbyterian Church Sunday morning for service at 11 a.m. and the members and friends were warmly welcomed by the minister, Rev. W. H. V. Walker.

Rev. Walker brought a timely message on the theme, "The Four Freedoms of the Christian," namely: the Freedom to Worship God, the Freedom to Witness for Christ, the Freedom of action, and the Freedom from the entanglements of this world. "Know the truth and the truth shall make you free." "Where the spirit of the Lord is there is Liberty."

The choir, under the leadership of Mrs. R. H. Williams sang "I Will Extol Thee" and Mr. Wm. Reynolds a solo, "The Lord is My Shepherd." These numbers were well rendered and much appreciated by the large congregation. Beautiful spring flowers graced the sanctuary.

Mother's Day

Next Sunday morning at 11 a.m. a special joint service of the Church School and congregation will be held. This is Christian Family Day. Messages in sermon, story and song will be in keeping with the theme, "God speaks through Christian Homes and the Church." A printed service of worship will be used. Let us all observe Mother's Day by being in our pew on Sunday next.

Presentation Made Richardson Family At Mount Pleasant

On Tuesday evening, April 26th, Mr. and Mrs. Ed. Richardson, Brock, Teddy and Karen, were given a presentation in the church hall. They have lived at Mount Pleasant since 1953 and have assisted with several church activities. They moved on Thursday, April 28th to their new home at Norwood.

Rev. W. G. Fletcher was master of ceremonies and spoke briefly. Mrs. Marguerite McMullen led the singing with Mrs. Carleton Potts as accompanist. Humorous selections were read by Herbert Smith, Harry McAdam and Miss Doris Sine. Piano solos were given by Misses Ina Scott and Betty McConnell. A tap dance number was presented by Nancy David and Sally McAdam.

The Boys' Sunday School Class sang a chorus and at the close Raeburn Scott read an address of appreciation to their teacher, Ed. Richardson, and David Potts made the presentation of a religious book, "The Living Faith," by Lloyd Douglas. Gail Jeffs and Raye David sang, with Mrs. Will Jeffs playing guitar accompaniment. Miss Ruth Linn sang, "May the Good Lord Bless and Keep You." The Richardson family were given seats of honour and Mrs. Stanley Williams read an appreciative address and on behalf of the community they were presented with a green upholstered platform chair and a crokinole board for the children.

Ed. and Marjorie voiced thanks for the lovely gifts.

Entered Into Rest

DR. CHARLES R. TOTTON

Friends in this district regret to learn of the passing of Dr. Charles R. Totton on April 19th in a Regina hospital. Dr. Totton was the son of the late Robert Totton, of Wellman's Corners.

After attending Stirling High School he graduated in Arts and Medicine from the University of Toronto. He practiced for a time in Ontario before serving in France in World War I, and saw service in Canada in World War II. He went to Verwood, Saskatchewan in 1919, where he operated a private hospital for many years, moving later to Assiniboia, where his skill became widely recognized. For the past eight years he resided in Regina, acting as Medical Officer for the northern Saskatchewan area under the Provincial health scheme.

A memorial service was held on April 20th in Regina conducted by Canon Howell and Rev. G. C. Darby. Many close friends attended the service including Premier Douglas of Saskatchewan and Mrs. Douglas. A private funeral service was held in Sarnia, Ontario, conducted by Dr. B. Gordon of Central United Church with Dr. Melbourne I. Johnson of the First Methodist Church, Plymouth, Michigan, brother of Mrs. Totton, assisting.

Dr. Totton leaves to mourn his loss, Mrs. Totton, formerly Lena Mae Johnson, of Stirling, and three daughters, Mrs. Doris Smith in Alberta, Mrs. Odette East in Detroit, and Mrs. Odette McLeod in Sarnia, and ten grandchildren. One sister, Mrs. (Dr.) O. M. Irwin, of Swift Current, Sask., also survives.

Among the relatives attending from a distance were Mrs. Blake Totton, Mr. Jim Totton and Mrs. G. Russell, all of Toronto; Dr. and Mrs. Tom Irwin, of Alliston, Ont.; Mrs. A. F. Richardson, of Brockville; Miss Shirley Richardson, of Chatham; Mr. Melville Johnson, of Detroit, and Dr. Alex Mills, of Philadelphia.

JAMES GARFIELD HAGGERTY

James Garfield Haggerty, of Havelock, passed away suddenly Tuesday night, April 19th at the Ontario Hospital, Whitby, where he had been a patient for several years. He was in his 69th year.

The deceased was born at Crookston, a son of the late Armand McCannell and William James Haggerty, United Empire Loyalists stock. While a boy, he moved with his parents to Springbrook and around 1900 went to Havelock where he obtained employment with the CPR in the shops. Later he was set up as an engineer. He saw service overseas in the First Great War, enlisting in the 93rd and transferring to the 52nd Battalion in France. He married Mary McKay, of Havelock, who predeceased him in 1923. In religion he was an Anglican and held a 25-year membership in the Locomotive Engineers.

He is survived by one daughter, Mrs. German (Norma) Ellis, of Havelock, and one son, Gordon, of Toronto; another son, Charles, was killed at Dieppe in the Second World War. Two sisters, Mrs. G. Shaw, of Toronto, and Mrs. J. Lidster, of Trenton, and two brothers, Nesbitt, of Toronto and Fred, of Drayton Valley, Alta., also survive. There are three grandchildren.

Funeral services under auspices of Havelock-Belmont Legion No. 389 were held from the B. A. Curtis Funeral Parlours on Friday, April 22nd to St. John's Anglican Church for service at 2:15 p.m., conducted by Rev. J. Patterson-Smyth, assisted by Rev. R. C. Newman, of Havelock United Church. Interment will be made in Maple Grove Cemetery.

The first book copyrighted in Canada, in 1841, was a spelling textbook.

St. Paul's Notes

(By Rev. A. Packman)

The teacher's mind is the glass through which children get their intellectual view of the world. If the teacher's mind is commonplace the minds of his pupils will be influenced towards the commonplace. If, on the other hand, the teacher's mind is sensitive and creative, some impress of these will be made upon the minds of the children under his care.

But what a responsibility! So also is the task of the preacher and at this point in the history of the world, no mistakes may be permitted; the best alone will serve. For May Day, once a day of swinging round the Maypole, flowers and laughing children, has become the rallying point in the year for the Communist world. There will have been great demonstrations of millions of men, women and children in that world — each a small sponge soaking up all the errors of the human mind, and each in turn to be squeezed at appropriate times for the refreshing of the seeds of sorrow.

Paul Packman

Preaches

St. Paul's had an opportunity on Sunday last of hearing their candidate for the Ministry preach. Paul Packman took as his subject, "Discouragement." This, he described as the most effective among the many tools Satan uses for the destruction of men.

He underlined the temporary element in discouragement. It is something we are likely to overlook. The conditions which render us discouraged are temporary.

The world then, while a place of discouragement for those who are anxious that it become a place of peace, will one day, providing we do not allow our discouragement to cripple our efforts, become the scene of the Kingdom of God and His Son.

the Sunday School at St. Paul's at 10:00 o'clock on Sunday, May 8th. All mothers are cordially invited to attend.

Mothers

Thinking of these things, of the splendid annual remembrance and rallying on Mother's Day which is so customary in our country — what can we do to make concrete our splendid thought and let it live throughout the year and in all the grim circumstances of life?

I have a picture of a mother. I saw her yesterday sitting beside a smashed-up car on Highway 401. The family belongings were scattered over a wide area, even the wheels of the car were gone. There she sat. Beside her, her husband; a little way off a mangled, broken body of another man. The car had left the highway and looked like a junkyard. Poor mother!

I came away thinking — you can pass the car ahead of you every time, providing that its driver is a better driver than you are.

Bethel Mission Band Meets

Bethel Mission Band held their April meeting in the church parlours with a good attendance. Mrs. John Mulhern showed the picture of Albert Switzer and told the story of his life during the devotional. The business was in charge of Ronald Heath.

The group was divided into Junior and Primary. Mrs. Mulhern reviewed the third chapter of "Chand of India," while Mrs. Fletcher told the story of the third chapter of the "Fig Tree Village." At the close of the meeting a wall panel was started on the "Village Life of India."

NEW CHEVROLET Task-Force TRUCKS

with a whole truckload of new advantages for you!

Here's what happens when Canada's No. 1 truck builder pulls out all the stops! Here are some of the new advances ready to work for you right now.

These new Chevrolet Task-Force Trucks do more jobs. Do 'em faster. Do 'em better. And do 'em with new economy. If you've got a job for a truck, we've got the modern truck for your job!

Look over the new features and advances highlighted here — no other line of truck offers so much that's new. Then come in and look over these Task-Force Trucks in person.

A General Motors Value

New "high-voltage" engines

All new engines feature a new 12-volt electrical system for faster, surer starts and increased generator capacity — plus many more exclusive advances. They're the last word in smooth, quiet and thrifty truck power!

The cab is as new as the view

New Sweep-Sight windshield — plus more glass all around — for a wider, safer view. New High-Level ventilation for cleaner, fresher air. New broader and softer seats — new stronger cab construction — new comforts and conveniences throughout.

A smoother, load-steady ride

New springs front and rear provide a smoother, more stable ride for the driver and load alike. Chevrolet's new and exclusive concealed Safety Steps guard against accumulations of mud, snow, or ice on the running boards.

New stronger standard-width frames

These trucks are new from the drawing boards out! All models now have new ladder-type frames of standard width, with full-length parallel side members. This new design provides greater strength, rigidity and durability.

New Overdrive or Automatic

Now Chevrolet offers you new Overdrive as well as improved Synchro-Mesh and Automatic transmissions. Overdrive is now available as an extra-cost option on sedan deliveries and Automatic on ½-, ¾-, and 1-ton jobs.

New Power Brakes* and Tubeless Tires

Now you can get the extra ease and safety of Chevrolet Power Brakes available on the Heavy-Duty models! And you get new tubeless tires as standard equipment on all ½-ton models!

New handling ease with Power Steering

Driving's easier, safer and less tiring with Chevrolet Power Steering — and now it's available on Heavy-Duty Chevrolet Task-Force Trucks. It's optional at extra cost.

New colors! New two-tone combinations

Take your choice of a longer-than-ever list of attractive new colors and combinations. They help you take full advantage of the advertising value of your Chevrolet Task-Force Truck.

Tendered Party By School Pupils

On Wednesday afternoon, April 27th, Miss Audrey Newell and the pupils of S.S. No. 3, Allan School, with the mothers of the school section tendered a party for Brock, Teddy and Karen Richardson.

Raeburn Scott was chairman and the Grade 8 boys sang. Mrs. Herbert Smith gave a very interesting talk on her recent trip to Florida and was thanked for her effort. Kenneth Smith presented the Richardson boys with a story book each and Karen with a cup and saucer on behalf of the pupils.

The recipients voiced thanks and the mothers provided a dainty lunch of sandwiches, cookies and homemade candy.

West Huntingdon

The cheese factory started operations on Monday with Mr. Russell Embury, of Frankford, as cheesemaker.

Mr. and Mrs. Ross Fleming and family, of Frankford, were Sunday guests of Mr. and Mrs. Gordon Donnan.

Mr. and Mrs. Kenneth Wright, of Belleville, were supper guests of Mrs. William Bray on Sunday evening.

Endeavour's Class

The Endeavour's Class held its April meeting on Thursday evening at the home of Mr. and Mrs. Clayton Wright. Rev. Kenneth Crawford, of Marmora, was the guest speaker and gave an informative address on "Photography." He also showed some beautiful slides. Miss Eleanor Wright gave a reading and Mr. and Mrs. John Lainsen contributed a duet. Rev. C. R. Chapman offered prayer and Mr. H. R. Burke led in a lively sing-song. Following the business period lunch was served.

Petherick's

Zion Sunday School re-opened on Sunday morning with an attendance of 80.

Mother's Day will be observed on Sunday next in the afternoon at Zion Church.

The sympathy of the community is extended to Mr. and Mrs. John Petherick in the death of their mother, Mrs. John Beggs, of Campbellford.

Mr. Don Kerr had the misfortune to fracture a bone in his ankle and has to have his foot in a cast.

Mr. Harry Barnum is erecting a new house in Campbellford.

We were sorry to hear of the death of Mrs. Davidson (Nettie Tanner), of Sperling, Man., on Monday morning. Sympathy is extended to Mr. Davidson and relatives.

Mr. and Mrs. Vernie Heath and Donnie Heath were supper guests of Mr. and Mrs. Lindsay Tanner on Sunday.

Mrs. Ted Preston, Mrs. J. B. Hagerman, Mrs. Percy Ray, Mrs. Lindsay Tanner and Miss Edna Tanner, attended the Diocesan Annual W.A. meeting which was held at Christ Church, Belleville, last week.

Mr. and Mrs. Lorne Hagerman attended the Holstein Banquet which was held at Tobie's County Gardens on Friday night.

Newly-Weds Honoured

On Friday night the friends and neighbours of Mr. and Mrs. Joe Forrester gathered at their home and tendered them a shower. Mr. Percy Ray was chairman for the evening and extended congratulations. He especially welcomed the new bride to the community.

Musical selections were given by Carol, Donna and Marilyn Geen and Shirley and Marian Broadworth. Readings were given by Mrs. Tom Clements and Miss Joyce Storrington. Miss Shirley Farrell read an address to the newly-weds and they were presented with a Space Saver and chair.

"For they are jolly good fellows" was sung. A delicious lunch was served and the remainder of the evening was spent in dancing.

Rylstone

The Woman's Association of the Rylstone United Church will hold its May meeting at the home of Mrs. Sanford Melkjohn, Springbrook, on Wednesday, May 11th, instead of May 18th as announced earlier. Program committee for the meeting will be Mrs. Lily Anderson and Mrs. Jim Milne.

Marsh Hill

The conveners of the Standing Com-
mittees of the Pine Grove Women's
Institute met Wednesday night at the
home of the President, Mrs. Grace
Bartindale to plan the programme for
the next year.

We extend congratulations to Mr.
and Mrs. Leslie Little on the birth of
a daughter in Belleville Hospital.

Miss Patsy Corrigan, of Belleville,
was a week-end guest of her cousin,
Miss Gwendolyn Detlor.

Miss Jean Frost and Miss Barbara
Brown, students of the Peterborough
Teacher's College, are teaching this
week at Marsh Hill School.

Harmony Club

The members of Marsh Hill Har-
mony Club met for the April meeting
in the Marsh Hill School on Friday
night. Mrs. Berson Mitts presided
and opened the meeting with the
hymn, "Jesus Calls Us O'er the
Tumult," followed with prayer by
Rev. R. Darke.

Mr. and Mrs. Leslie Finkle, program
conveners, presented the following
program. Opening hymn, "Trust and
Obey." The Scripture Lesson was
read by Mrs. Ivan Clare, followed by

prayer. Readings were given by Mrs.
Allyn Finkle, "Home Disaster;" Mrs.
Charlie Mayell, "House Hunting;"
Elaine Lindenfield, "A Prayer for a
Little Girl," and Mrs. Frank Finkle,
"My Kitchen Prayer." The Finkle
sisters rendered a song, "Sing, Smile
and Pray."

Mrs. Leslie Finkle then presented a
paper on "Home." God made the first
home in a beautiful garden. In the
Christian home may we find cheerfulness,
thankfulness, husbands and
wives faithful to each other and chil-
dren obeying their parents. May we
all accept the invitation of the
church and seek the new Jerusalem as
our eternal home.

After the Mizpah Benediction Mrs.
Harry Coulter conducted a "Bird"
contest. Refreshments were served
and a social half hour spent.

Just A Word On Succession Duties

Mr. Harris' budget proposals appear to have been received with general approval. It is with considerable respect, therefore, that we venture to refer in a critical vein to his passing comments on succession duties — a subject which we feel deserves much less casual treatment.

A year ago Mr. Harris' predecessor promised a complete and badly needed revision of the succession duty laws. He asked for the views of in-

formed and interested persons, or groups of persons, to be submitted "in the next few months while the redrafting is proceeding." Most certainly he created the impression that the Government had taken charge of an unfortunate tax situation, and that many objectionable features were due for early elimination.

A year later this is all that Mr. Harris has to say:

"Now just a word on succession duties. The budget speech of last year indicated the intention of the government to undertake a complete revision of the Act and invited repre-

sentations regarding it. Useful briefs and comments have been received and the work of drafting and shaping a new structure is under way. The task has proved to be somewhat more difficult and time-consuming than was anticipated. The new bill will not be ready for introduction at the present session, but I hope it will be ready next year. In the meantime, the present law will stand unchanged."

In the meantime, the public continues to suffer under succession duty laws that are admittedly far from being satisfactory. We realize that Mr. Harris may have encountered considerable difficulty in attempting to reconcile opposing views which have been submitted to him. Nevertheless, it is his task to settle these views one way or the other, and it seems to us that the public is now entitled to more than the mere expression of a hope that the succession duty laws will be improved some time next year.

"Let's make it this Sunday!"

A casual phone call, and "this Sunday" suddenly becomes an extra special Sunday! Whether the call comes from miles away or just around the corner, the invitation seems so much more personal, more inviting, when you hear it over the telephone.

Old and young alike turn to the phone when they're in a hurry. A round-up of the gang, a family reunion, a holiday dinner, a big date — it's faster, more exciting to telephone! And even the blow of bad news can usually be softened by a sympathetic voice. Next to seeing the people you care about is hearing their warm, familiar voices.

Three masked bandits, stripped to the waist, Saturday tied up an elderly bachelor and stole \$3,000 from his farm home near Norwood.

Edward Gallaher, 65, sat trussed in

a chair while they ransacked the house. Police said the money was hidden in tin cans in the attic. He wriggled free after the men left.

The bandits scooped up rolls of \$10.00, \$20.00, \$50.00 and \$100.00 bills but missed another \$1000.00 also hidden in the house.

An Open Letter To Good Sportsmen In Eastern Ontario

The Ontario Minor Hockey Association is pleased with the showing made by eastern Ontario teams, who have improved each year. Marmora, who have reached the late stages in past years showed signs of regaining strength with a fine Bantam team in the semi-finals, and Wellington, who have been patiently developing teams, made a splendid showing before losing out to Stouffville. More important, however, the O.M.H.A. is aware of, and proud of the fine co-operation and good sportsmanship shown by the officials of the eastern Ontario teams. In this regard you indeed are setting a fine example for all to follow.

This brief message from your O.M.H.A. office would be only partially complete if we did not remind you that we who are elected to guide the affairs of Minor Hockey in Ontario are proud to be associated in our efforts with Doug Patterson, of Stirling, and Albert Watkins, of Peterborough. These two men represent you on the O.M.H.A. executive and represent the O.M.H.A. in your district. These remarks may embarrass these hard working fellows, but we know you will agree that no district is represented by better fellows than that represented by Doug Patterson and Albert Watkins.

In closing, my personal word of greeting to my many friends and co-workers in eastern Ontario. It is my sincere hope that in the near future I shall have the pleasure of accepting an invitation to attend a banquet at which an O.M.H.A. Championship trophy is presented. It will be fitting reward for some of you who have toiled so long, and so well, for minor hockey and for boys.

Jack Christie,
Secretary O.M.H.A.

What Others Say!

WORK ANTIDOTE FOR DELINQUENCY

"The devil finds work for idle hands to do."

This old truism has been buried in the heap of nonsense on which has been built the belief that idleness is the most desirable condition of man.

Those who work almost incessantly to bring the curse of compulsory idleness to their fellow-men, believe that all persons instinctively find constructive, rewarding activities for their idle time.

Men, women and children whose energies are largely expended in useful work, find relaxation and contentment in the real joys of home, friendship and growth. They are not seeking harmful excitement.

The crime calendar which overflows law enforcement, is filled by delinquent juveniles and adults who do less work than is good for them.

The devil cannot entice them until he finds them with time on their hands. —The Rural Scene.

Entered Into Rest

LATE J. T. FRANK OSBORNE

The death of a well known Campbellford citizen, Frank Osborne, came very suddenly on Friday morning, April 22nd to the surprise of his many friends. He had not been in rugged

health for some time, but had been away from work for only one day.

"Frank" as he was known to nearly everyone was for some years meter-reader for the Campbellford Public Utilities Commission and had been employed by the Commission in other capacities when he was able.

Born in Paisley, Scotland, 57 years ago, he was the son of the late Frank Osborne and Elizabeth McGregor, who died when he was young. He served in the 139th Battalion in the First Great War, retiring to Campbellford in 1919. He is survived by Mrs. Osborne, who was formerly Mary Eleanor Hardy and one step-daughter, Mrs. Rod McDonald, of Detroit.

He was a member of Christ Church, the Canadian Legion, Branch 103, Campbellford Lodge 1000 F. and Golden Rule Lodge, A.F. & A.M. and Ionic Chapter, R.A.M.

Memorial services were conducted on Sunday, April 24th by the I.O.O.F. Lodge at 4:30 p.m. and the Golden Rule Lodge, A.F. & A.M. at 9 p.m. at his home.

The Canadian Legion attended the committal service and accorded their late comrade full military honours.

The funeral service was conducted on Monday afternoon, April 25th by Rev. O. G. Barrow. The pallbearers were Comrades Jos. Thain, Art Collette, Nick Chilton, Jack Williams, Ralph Locke and Wallace Rutherford.

The flowers were very beautiful and numerous and were borne by Messrs. Jeff Mills, Bun Kerr, Tom Chadwick, Clarence Long, Bill Martin, W. J. Owens, Geo. Seaborn, Jim Jones, Ralph Nuttall, Harry Redden, Percy Melville, Geo. Parsons, Alex. MacDonald, Jim Jacobs, Percy Pearce, Morley Horsman, Jack Free, Geo. Free and Jas. Akey.

Interment was in Mount Pleasant Cemetery.

Conservation Badges For Boy Scouts

Canada's 175,000 Boy Scouts have a new series of proficiency badges to try for. They are aimed at encouraging conservation of natural resources. The executive committee of the Canadian General Council of Boy Scouts Saturday created four badges, one each for forestry, wildlife, water and soil conservation. They will be put up for competition next year.

Pickrel Spawning

Another pickrel spawning season is drawing to a close. The period this year has been most unusual, being two weeks later than last year, the pickrel and suckers appeared together on the same spawning shoals. This applies to most island lakes also, as most of them were free of ice as soon as most southern waters. In 1954 this reproduction period began March 26th, this year on April 11th. Because of continued warm weather, the fish are already returning to their usual habitat.

In spite of several years of vigorous enforcement measures and educational endeavour, the number of poachers was unchanged. A few of these habituals seemed not only more persistent but belligerent also, when defeated in their purpose to make a haul of spawning fish. Accordingly, several charges of obstruction will be prosecuted by the respective officers who were confronted with this difficulty.

Owing to the presence of two species which deposit their eggs in turbulent and fast running streams, it was difficult to estimate their number, but the general opinion is that parent pickrel compared favourably with last year.

NEWS FOR THE BUSY FARMER

WEED OF THE WEEK

CLIP PASTURES EARLY
TO CONTROL
YELLOW ROCKET

Yellow Rocket (*Barbarea Vulgaris*) is a weed that is well named inasmuch as it can spread with rocket-like speed, according to the Field Crops Branch of the Ontario Department of Agriculture.

Yellow Rocket usually spreads through its role as an impurity in clover seed. It is classed as a secondary noxious weed under the Canada Seeds Act, and it is possible to find as many as five Yellow Rocket seeds per ounce in number one seed.

This weed is similar to mustard in flower shape and color. The leaves, however, are smaller, oval shaped, lobed, shiny and dark green. The stems are branched and from two to three feet in height. It may be either a biennial or a short lived perennial and flowers from May to July.

Control is simple in the first stages. Since the plants are easily recognized when in bloom they should simply be pulled out and destroyed. It is when Yellow Rocket is allowed to flourish

and go to seed for a few years that it spreads and becomes a menace. When a hay field is infested to such an extent that pulling is not possible, the hay should be saved for grass silage. Even if some of the weed seeds are ripe the fermentation of the silage will destroy them. If the field is cured for hay ripe seeds will be scattered in, hauled in and manure and before long every field on the farm will be infested with Yellow Rocket. Pastures should be clipped early enough and often enough to keep seed from ripening.

Yellow Rocket cannot stand spring cultivations. Therefore, breaking up sod fields will keep the weed from spreading. While 2-4-D will kill Yellow Rocket it will also kill the clover with which it is usually to be found, making this method of eradication of little practical value.

**"DAIRY DAY" AT
KEMPTVILLE AGRI. SCHOOL
TWO DAYS IN JUNE**

Hon. F. S. Thomas, Minister of Agriculture, announced recently that Dairy Days this year will be held at Kemptville Agricultural School on June 15th and 16th.

Dairy Days are sponsored by the Ontario Department of Agriculture through the office of the Dairy Commissioner, with all other branches and institutions of the Department co-operating to make them a success. There will be departmental and commercial displays showing all that is new and desirable in dairying. A record number of exhibitors and exhibits are expected this year.

Dairy Days are being held for the third successive year. In 1953 the location was at Alma and in 1954 at Lindsay. These were for one day periods only with crowds of well over ten thousand each year. Because of its success and at the strong request of the dairy industry the programme has been extended to cover a two-day period this year.

The Minister stated that he was very pleased with the location of the Dairy Extension Days and expressed the hope that not only the dairy farmers in Central and Eastern Ontario, but those from other parts of the province as well, would have an opportunity of visiting the Kemptville Agricultural School during these two days in June.

THE NEED FOR MORE SHEEP

If Canadians ever decided to eat more lamb and mutton per capita as Australians, it would require some 25 million more lamb carcasses to meet the demand. Marketings last year at February inspected plants in Canada were 562,000 carcasses.

R. K. Bennett, Chief of Livestock Marketing of the Canada Department of Agriculture, Ottawa, made this statement at the annual meeting of the Canadian Cooperative Wool Growers' Association in Toronto.

Mr. Bennett said that lamb and mutton constitute only 1.7 per cent of the total meat supplies consumed by Canadians. Beef makes up close to 50 per cent of total meats eaten, while pork constitutes about 37 per cent. Veal, canned meats and offals make up the balance.

A mere 2.5 pounds of lamb and mutton per capita is consumed in Canada. In other countries this per capita consumption figure is much higher. In the United States it is 4.5 pounds, in the United Kingdom 24 pounds, and as high as 78 pounds in Australia and New Zealand.

If we stepped up our consumption of mutton and lamb on a par with American consumers about 660,000 more lambs would be consumed in Canada each year. If lamb and mutton consumption compared with the United Kingdom we would require an additional 7 million lamb carcasses.

In Canada there is one sheep for every 13 people. Our American neighbours have one sheep for every six people. As might be expected the situation is reversed in Australia where they boast 15 sheep for every person.

Canada's sheep population reached a peak back in 1944 when a census showed 3.7 million in the country. The low year was 1951 with about 1.4 million. Last June 1st, Canada's sheep population was estimated at about 1.8 million, and at December 1.1 million.

Mr. Bennett also stated that Canada imports over 80 per cent of her wool requirements.

Last year Canadians used about 47 million pounds and only produced 8.5 million, of which one-third was exported. This means a net deficit of about 40 million pounds, or in other words the wool from about 5 million sheep.

CUCUMBER VARIETIES

Straight-Eight, Marketer, National Mincu and Windermoor Wonder are names of cucumber varieties which will be found along with many others in the 1955 seed catalogues. Cucumbers may be divided into pickling and slicing varieties. This last group includes the varieties more widely known to the general public, since they are the ones used for the home garden. Names such as Straight-Eight, A and C, Delcrow, Windermoor Wonder or Longfellow are familiar to many of us, but other names are new or relatively so. Burpee Hybrid, Hybrid D, Marketer and Marketer Long, are recommended varieties which are early and give a good yield of attractive green fruits. Other varieties such as Niagara, Santee and Colonial are much to late for our climate, except possibly in the Niagara peninsula. Supercrop Hybrid, Hybrid C, Sensation Hybrid and Sunnybrook had no value over varieties such as Marketer or Burpee Hybrid when tested at the Division of Horticulture, Central Experimental Farm, Ottawa.

Some varieties have been developed with tender skin and black spines. They are referred to as the pickling

varieties and are used by the Food Processing Industry for making gherkins and other types of pickled cucumbers. Old standard varieties are still available and are preferred by many. They are Paris Pickling, National Pickling, Heinz Pickling and Mincu. The newer varieties have the advantage of being resistant to some troublesome diseases such as cucumber mosaic virus or cucumber scab. Hierop Hybrid developed by the Ontario Agricultural College is resistant to cucumber mosaic virus and so are Ohio MR-17 and Ohio MR-25. Wisconsin SMR-9 and Wisconsin SMR-12 are resistant to scab and to cucumber mosaic virus. Some of these will be available in the spring of 1955; others may be in short supply for another year.

Salvation Army's Expansion Program

Salvation Army leaders are facing "the biggest expansion programme in the Movement's history in Canada," Air Marshal W. A. Bishop, V.C., C.B., D.S.O., M.C., D.F.C., E.D., L.L.D., said in announcing the dates of the 1955 National Red Shield Appeal, Monday, May 2nd to Monday, May 23rd.

Being pledged to such a vast expansion in buildings and services meant, the Air Marshal said, that every Salvation Army Appeal for future years must reach its objective. Not only must capital commitments be redeemed, but continually increasing maintenance costs must be met.

Air Marshal Bishop, who is Chairman of The Salvation Army's National Advisory Board, noted that this year the Salvation Army is ninety years old. The Movement, he said, has grown up with Canada until citizens in all walks look upon it as a "necessary and appreciated" part of Canadian life. He indicated his confidence in the success of the 1955 Appeal, and urged all Canadians to assist either by canvass or contribution. Salvation Army's attitude to human

CONSERVATION NEWS!

Fire Season Officially Opened

WORK PERMITS — All previous permits expired March 31st, and new authority will be granted on application to the District Forester at Tweed.

Except where land is being cleared for agricultural purposes, a work permit is required before carrying on any logging, mining or industrial operation, right-of-way clearing, road, dam or bridge construction, operating a sawmill, or any other summer operation liable to cause an accumulation of trash or debris within the fire district.

FIRE PERMITS — No person is permitted to set out fire within the fire district from April 1st to October 31st except for cooking or obtaining warmth, without first obtaining a fire permit.

Permits may be obtained from the Chief Rangers at Bancroft and Dacre or the nearest forest ranger. It is unlikely that burning will be authorized during the spring fire danger period.

Camp Fires and Smoking Materials

No person may drop or dispose of any cigarettes, pipe ashes or other smoking materials in the Fire District without first making certain that they are extinguished. Campfires or fires for any purpose whatever will be reduced to a minimum. If a lunch fire is necessary it should be lit only in a safe place and must be carefully put out and made safe before leaving. Lunch fires can be eliminated by carrying hot drinks in thermos bottles.

The Tweed Fire District where the above regulations apply is bounded on the south by the south boundary of the following Townships: Lake, Tudor, Grimsthorpe, Anglesea, Barrie, Clarendon, Palmerston, Lavant and Darling.

On the east by Bagon, Brougham, up to Concession 12 in Grattan and Concessions 9 to 14 in Sebastopol Townships. The balance of the district to the north and west, is the Fire District.

Blind Beaver Guided To Work

Trapping activities have been speeded up somewhat in the past few days, and trappers report little success owing to our late spring weather.

One trapper reported observing a very unusual event, this time it was with three Beaver.

He was resting neath a stretch of open water near a Beaver pond, presently he observed three Beaver swimming up stream, a large Beaver accompanied by two smaller ones, the smaller Beaver were swimming on each side of the larger one.

The trapper was close enough to see and believed that the larger one was blind, the two smaller Beaver guided the blind one to a fallen tree; it began immediately to chew branches off and the two smaller ones swam back in turn and placed the fresh food through a hole in the ice near the Beaver house. This procedure continued for some time, finally they returned in the same manner guiding the larger one and disappeared under the ice, presumably to the house.

On questioning the trapper as to how he had reached the conclusion that the larger Beaver was blind, his reply was, "I was close enough to see the eyes of the larger Beaver and they were both white in colour, a true sign of blindness."

fear.

We lose sight of the fact that these same youngsters are exposed every day to an enemy as vicious as any invading army . . . an enemy that annually takes the lives of thousands of this Province's children and injures many more. This enemy? Traffic Accidents!

If we want an excuse, it just doesn't work! We can't lay the blame for this child slaughter at the door of the criminal element, for the cars and trucks that snuff out the lives of our children are, for the most part, driven by ordinary, sincere, law-abiding citizens.

Most of these people have the welfare of Canada and its children at heart. Yet, through sheer carelessness, they rob countless children of life . . . bring grief to parents . . . and rob the country of its most precious possession — its future citizens.

What's the explanation? As the Ontario Safety League says, "The only explanation is they don't realize that careless driving breeds traffic accidents. As long as drivers cherish this blind spot, we'll continue to have traffic accidents — many of them involving children."

All of us who drive should wake up and face the facts. It's criminally careless to drive an automobile (1) when you're ill, worried or fatigued, (2) after you've been drinking, (3) at a speed that's not safe for conditions. None of us can say we've never been guilty of careless driving in the past. But we CAN resolve to mend our ways in the future.

FACT AND FANCY

In northern climes, the bracing cold has its advantages for it energizes and urges continuous activity. One's hands become frozen to the task before him. In the tropics on the contrary, the incessant sun saps one's energy until laziness and weariness becomes the common lot, and one's hands become red with the blood of murdered time.

It's Happening Here

Being normal people, most of us are moved with compassion when we see pictures of the countless child victims of war or famine. Our hearts go out in pity for the poor children who grow up in countries less fortunate than this Canada of ours.

At such times we're likely to think of the advantages so many Ontario children enjoy . . . nutritious food, warm clothing, housing, education, freedom from want, freedom from

E. W. Sandercock Unanimous Choice of P.C.'s In West Hastings

Dr. R. T. Potter, Belleville,
Heads New Executive —
Prov. Secretary Is Speaker

E. W. Sandercock, of Belleville, was chosen as the Progressive Conservative candidate for the riding of West Hastings at the party's nomination meeting in the Town Hall, Marmora, last night. Dr. E. A. Carleton, of Stirling, was the only other nominee but withdrew.

Speaking to a capacity house, Mr. Sandercock thanked his supporters for their efforts on his behalf in the last election and traced the development in mining, roads, schools and Hydro in Hastings County under the Frost administration. "If you work to ensure my re-election I promise to work for you 365 days a year," stated Mr. Sandercock.

Guest speaker was W. Nickle, Ontario Provincial Secretary, and chairman was the President of the West Hastings Association, Dr. R. T. Potter, of Belleville. Geo. S. White, M.P., and Lee Grills also spoke briefly.

New Executive

Don Rodgers presented the report of the nominating committee and the following executive was chosen with Ralph Neal, of Marmora, presiding.

President — Dr. R. T. Potter, Belleville

1st Vice-President — Ralph Neal, Marmora

2nd Vice-President — C. Rollins, Coo Hill

Secretary — C. Graham, Trenton

Treasurer — H. Francis, Stirling

Associate President — Mrs. D. Tuggett, Belleville

1st Associate Vice-President — Mrs. Blatherick, Bancroft

2nd Associate Vice-President — Mrs. W. T. Elliott, Stirling

Young Bicyclist Rides Into Car; Escapes Injury

Douglas Ketcheson, son of Mr. and Mrs. E. D. Ketcheson, Front St., narrowly escaped serious injury Monday afternoon when the bicycle he was riding was in collision with a car driven by Geo. Reichert, of Trenton, an employee of the Elaine Shoe Co. of town. The accident occurred when the young lad rode out of an alleyway on North St. and crashed into the side of the car. The front wheel of the bicycle was badly damaged.

Mrs. E. Foster Elected President Stirling Women's Institute

The Stirling Women's Institute met at the home of Mrs. E. Foster on Wednesday last for their annual meeting, with the President in the chair. Roll call was answered by paying the membership fee.

Correspondence was read including a letter concerning the Institute holiday in Guelph on May 19th to 21st. Reports were read. The District Annual will be held June 7th in Sidney Baptist Church, Chatterton. Mrs. Foster was appointed delegate for the District Annual. A card was sent to Mrs. W. T. Ewen, Guelph, who recently was married.

Mrs. West, the Treasurer, gave her report and a good substantial sum is in the bank to start the new year.

Slate of Officers

The new slate of officers is as follows:

President — Mrs. E. Foster

1st Vice-President — Mrs. Blanche Reid

2nd Vice-President — Mrs. W. H. Cooke

Secretary — Mrs. S. McMurray

Treasurer — Mrs. W. C. West

District Director — Mrs. S. McMurray

Press Secretary — Laid over until next meeting

Home Economics and Health — Mrs. Foster

Historical Research — Mrs. R.

E. W. SANDERCOCK

Honoured By Friends And Neighbours

On Monday evening, May 2nd, a large number of friends and neighbours gathered at the home of Mrs. Louis Rodgers to honour her before her departure to reside in Stirling.

Rev. W. H. V. Walker acted as master of ceremonies and spoke briefly. A short programme was presented including community singing with Mrs. Mabel Williams at the piano; vocal duet by the Hammond sisters; a reading by Mrs. Don Farney; solos by Mrs. Don Rodgers and Miss Beverley McInroy, and a reading by Mrs. Frank McGee.

At this time Mrs. Volney Richardson read an appreciative address and a presentation of a table lamp, a feather-weight iron, bedroom clock and a bed light to match was made. Mrs. Rodgers graciously thanked her friends for the lovely gifts in remembering her and invited one and all to visit her in her new home.

Mrs. Charles Farney spoke briefly. Mr. Volney Richardson was called on to speak and expressed his regret at Mrs. Rodgers leaving the neighbourhood in which she was born and lived practically all her life.

The singing of "The Queen" brought this part of the evening to a close and delicious refreshments were served.

Rosebush
Community Activities — Mrs. A. Gordanier
Directors — Mrs. L. Rodgers and Mrs. Geo. Searles
Auditors — Mrs. R. H. Williams and Mrs. Reg. McGee
Pianist — Mrs. B. Reid

District President Speaker

Mrs. John Reid, of Trenton, District President, installed the officers and addressed the meeting. Women's Institute Branches are stretching out all over the world and keep up-to-date on social services of the world, stated the speaker. She referred to the very important project in Ceylon the W.I. started over fifty years ago. Our membership is growing and progressing. We must not rest on our laurels, stated Mrs. Reid, and urged the old officers to pass onto the new officers their ideas and principles. "Do your best and let them say 'she has done what she could.'"

The strength of the Women's Institute depends on the loyalty of the members. "Let us learn the Mary Stewart Collect and let it be our daily prayer," concluded the speaker.

Mrs. Foster served a dainty lunch with her assistants Mrs. John Morrison and Mrs. H. Rodgers, and a social hour was enjoyed.

Mrs. L. Rodgers moved a vote of thanks to Mrs. Reid for her visit and address; also to Mrs. Foster for her home and assistants for the lunch. This meeting closed with the Queen.

Barlow -- Green Wedding At St. Paul's United

Baskets of spring flowers graced the altar of St. Paul's United Church on Saturday for the pretty wedding of Joan Myrtle Green, R.N., daughter of Mr. and Mrs. Earle Green, Stirling, and Robert Montgomery Barlow, son of Mr. and Mrs. W. M. Barlow, Belleville. Rev. A. Packman officiated in the double ring ceremony and the wedding music was played by Mrs. Robert Hulin.

Given in marriage by her father, the bride wore a powder blue suit with white and navy accessories, and carried a white Bible with mauve orchid.

Attending the bride was Mrs. Grant Stapley, wearing a navy suit, with white and navy accessories. Her nosegay was pink roses, mums and hyacinths.

The groomsmen was Mr. Lawrence Horwood, of Belleville.

Following the ceremony a turkey dinner was served the wedding party at the "Sterling" Hotel.

The young couple will reside in Belleville.

St. John's Guild

The May meeting of St. John's Guild was held in the Parish Hall on Tuesday, May 3rd with eight members present. Mrs. H. Rodgers, vice-president, in the absence of Mrs. B. Woodbeck, was in the chair. Mrs. H. Secker opened the meeting with the Lord's Prayer and the Guild Prayer.

Mrs. E. Cooke read the minutes of the last meeting and Mrs. M. Tanner gave the Treasurer's report. The June meeting will be held at the home of Mrs. H. C. Secker with Mrs. H. Rodgers and Mrs. M. Tanner helping with the lunch.

Mrs. Leonard opened the program and Mrs. M. Tanner gave a reading, "Religion and Life." Mrs. Leonard gave a reading "Aunt Jamie Pluster." Rev. H. C. Secker closed the meeting with prayer.

Mrs. Leonard served a lovely lunch and Mrs. Rodgers moved a vote of thanks to all who helped with the meeting.

In Hospital

Friends of Mr. Earle Green will regret to learn that he is a patient in Belleville General Hospital where he was taken Monday night.

I.O.D.E. Monthly Meeting Held At The Home of Mrs. Maurice Bell

Establish Educational Fund —
Reports of Provincial
Convention Were Presented

The monthly meeting of the Hon. J. R. Cooke Chapter I.O.D.E. was held at the home of Mrs. Maurice Bell with 27 members present. The Regent, Mrs. Carl Potter, presided and the meeting opened with the prayer of the order. The minutes of the previous meetings were read by the Secretary, Mrs. M. Bell.

The reports of Treasurer Miss R. Spry and the Educational Secretary, Mrs. D. McIntosh, were presented and adopted.

To Start Educational Fund

It was decided to set aside \$50.00 to start an Educational Fund to be increased and used to assist some needy and worthy boy or girl to further their education.

Final plans were made for the Afternoon Tea to be held the last of May at the home of Mrs. David Duffin. There is to be a nursery provided for the wee folk.

The Order is to attend Divine Service on June 12th at St. Paul's United Church.

Annual Report

Mrs. Herb Wood, delegate; Mrs. Ed. Warren and Mrs. Rosa Spry, gave complete reports on the convention, which were much appreciated by the members.

What Is The I.O.D.E.

It is the Imperial Order Daughters of the Empire, founded in 1900.

It is the largest voluntary, patriotic, non-sectarian, non-partisan, and philanthropic women's organization in Canada. Its motto is, "One Flag, One Throne, One Empire."

The Order has a membership from the Yukon to Newfoundland of more than 32,000 women in 960 chapters (Dec. 1954). It has chapters in Bermuda and the Bahamas, and is associated with the Victoria League in England, and the Daughters of the British Empire in the United States.

All members of the I.O.D.E. are voluntary. The Order has no paid Officers.

Who May Belong?

Any woman or girl who is a British subject and holds true allegiance to the British Crown.

What Does It Do?

It stimulates patriotism; fosters unity in the Empire; assists the youth in Canada in furthering their education; gives aid, in Peace and War, to men and women of the Services and to dependents of Ex-Service Personnel; promotes a high citizenship among all citizens, British and foreign-born; cherishes the memory of brave and heroic deeds.

How Does It Function?

Through the following departments: Educational

Presentation To River Valley Couple

On Friday afternoon, May 6th, a few neighbours gathered at the home of Mr. and Mrs. George Conley, River Valley, and presented them with a beautiful tri-light floor lamp and lace table cloth on behalf of the River Valley community. Mr. and Mrs. Conley have lived for thirty years in this community and it is with regret that we see them leave. But owing to failing health they are going to Trenton to be with some of their family. We certainly wish them every success and sincerely hope they will be very happy in their new home.

Mrs. Roy Bush read an appropriate address and Ralph Utman and Ernest Carr made the presentation.

Following is a copy of the address: Dear Mr. and Mrs. Conley:

Since you have lived with us for over thirty years we were sorry to learn that you have decided to leave our community. However, we know that your health has been failing and we think you have made a wise choice.

Your neighbours and friends of River Valley wanted in some way to let you know they were thinking of you at this trying time in your life. They felt you were unable to receive them all in a personal way so have delegated us to call on you for them, and present their good wishes for your future and to let you know we have always helped us in whatever way you could when called upon.

Trusting you will find many new friends and that you will always remember the old ones. Hoping you will be able to visit often with us.

Be God my battleship
Sword for the fight;
Be thou my dignity
Thou my delight
Thou my soul's shelter,
Thou my high tower;
Raise Thou me heavenward
O power of my power.
Please accept these gifts on behalf of the River Valley community.

Impressive Mother's Day Services Held At St. Andrew's Sunday

Christian Family Sunday was observed in St. Andrew's Presbyterian Church last Sunday morning when an impressive Mother's Day Service was held with the church school participating.

Miss Gena Spry, Superintendent of the Sunday School, assisted the Minister, and called upon Robert Burrell and Carol Farney to read the Scripture Lessons. A class of 12 boys repeated all the Beatitudes in Matthew V without a mistake. Carol Ray and Sally Fox sang a duet entitled, "Mother," which was followed by a short story by Sally Fox. Heather Rodgers rendered a solo, "Cherish the Name of Mother." An anthem, "Mother's Heart," was rendered by a full choir with Mrs. D. McIntosh taking the solo part. These numbers were much appreciated by the large congregation. Mrs. R. H. Williams presided at the organ.

Beautiful baskets of spring flowers were on the Communion Table and on either side of the pulpit.

Rev. W. H. V. Walker thanked all who co-operated so well and gave the address, "God speaks through Christian homes," closing with the challenge to let God speak through parents, children and the family life by reaching outward constantly in loving concern, quiet witness and unselfish service to the people of the community and the church.

St. John's News

(By Rev. H. C. Secker)

Sunday, May 15th, Rogation Sunday, is the day when the church prays for God's blessing on the work of the farm. His blessing is asked for the seed sown or to be sown, the livestock and those who work on the land. It is the time when we recognize especially the relationship between religion and rural life. All farmers ought to gather together with village people to ask for God's blessing on their work. We shall have soil, seed and fertilizer presented, together with money offerings, to be blessed, symbolizing all the seed and soil and the work of the farm generally. Special prayers and hymns will mark this ancient and traditional service.

Sunday, May 22nd, the Lord Bishop of the Diocese will be present at 11.00 a.m. for the Rite of Confirmation, practised in the church from Apostolic times. The Laying on of Hands has always been the prerogative of the Bishop, who represents the Apostles and is the Father in God to all church people. Nine candidates will be presented here. In the afternoon at 2.30 p.m. in Christ Church, Glen Miller, the Bishop will confirm seven candidates from Frankford and thirteen from Glen Miller. All these candidates have been trained for the last three months and have been faithful attenders at church. Your prayers are asked on their behalf.

The Rector will be in Kingston on Tuesday and Wednesday attending sessions of the Synod.

Mrs. Bob Philp
Hostess To
River Valley W.I.

On Thursday, May 5th, twenty-one members, three visitors and several children attended the regular meeting of River Valley Women's Institute, held at the home of Mrs. Bob Philp.

Mrs. Roy Bush presided and opened with the Ode and prayer. Mrs. Ralph Utman conducted a sing-song. Mrs. Thos. Hanna gave her report and read several thank-you notes. A letter from Miss Anna P. Lewis was read and her wedding and photo displayed.

Mrs. Ross Bush gave full details of the contents of cupboards. Those in the Valley wishing to use the chairs and tables should telephone the President or Secretary. Several people have done extra work for R.V.W.I. and they were all given an ovation. The teacher and pupils of River Valley school will be given a three dollar honorarium for their assistance this winter.

Mrs. Ed. Heasman reported re the District Executive held in Belleville. West Hastings District will convene at Sidney Baptist Church on Tuesday, June 7th at 9.30 a.m. Chatterton W.I. will provide a 50 cent box lunch. Mrs. Ethel Hayes will represent the Department.

The June meeting will be held at the home of Mrs. Kenneth Morrow with Mrs. Don Donohoe convener and flower slips will be exchanged. Mrs. Percy MacMullen will give the address.

The President spoke of the Folk School and the Extension Service books were distributed.

Mr. Bruce Servos
Guest Speaker

Mrs. Percy Utman presided over her programme. The guest speaker, Mr. Bruce Servos, of Frankford, was introduced. Mr. Servos said that Rural Ontario is recognized as one of the most highly electrified farming areas in the world. He explained the nine regions; also a rural operating area which is under the supervision of an area manager. Mr. Servos is Area Manager in Frankford.

The speaker displayed Hydro booklets that are available. He explained the new Hydro bill, demonstrated how to read a meter and return postcard correctly. Mr. Servos gave a vivid description of electricity from its source and said it is an energy that cannot be stored. He emphasized that adequate wiring is a necessity in every home. He warned against the use of high voltage fuses, worn appliance cords and demonstrated very effectively what can happen if a circuit is overloaded.

Mrs. Don Donohoe voiced thanks to the speaker for his informative address.

The convener gave the motto, "Kindness is like grain, it increases as it grows." Mrs. Robert Hullin and Mrs. H. West sang two duets in keeping with Mother's Day. Mrs. Sheldon McIntosh read two appropriate poems on the same theme. The roll call on "Mother" was omitted. A box of individual wrapped gifts was packed for

a life member who is ill in hospital. The lunch committee served sandwiches and cake. The hostess was thanked for hospitality and the Queen closed a profitable afternoon.

Investigate Before
You Invest

These spring days bring to the towns the usual crop of door-to-door solicitors for subscriptions to a great variety of publications. There is also the group who want to be reimbursed for a winter in the south by a quick return profit for slick schemes. It is a time to investigate before you invest and to deal with those whom you know to be reliable. There are no bargains offered you in any deal that cannot be duplicated or bettered right in your own community. These fast deals are like grass fires in spring — too plentiful and much too costly. Every merchant, every businessman and every householder will need to be on the alert for the springtime invasion of the local field. You can get satisfaction and a guarantee that sticks when you deal with folks you know. Give the stanger that goes from door to door the brush-off before he starts his sales talk.

St. Paul's Notes

(By Rev. A. Packman)

On Sunday, May 8th, the mothers of our land were honoured — a great attendance at our churches pointed up the significance of this day to the minds of most of us; may our lady mothers find some deep joy in this demonstration of affection.

Homes

Mother means home, a place where peace is shut in and strife is shut out, at least this is what it might mean, and this is what it does mean to most of us. A mother without a home is a pathetic being. Unfortunately there are not a few of them, and God help the men who are responsible. But, a home without mother, that is still another pathetic thing, so in the security of our mothered home, let us not forget those to whom "Mother's Day" brought a sense of aloneness.

Of course there is two sides to a home — the inside and the outside. I am told that our modern homes are definitely death-traps. It seems that the electric ranges are hazards compared to the fire-pit of long ago and the slippery soap in a bath tub, or a scatter rug may easily cause you to break your neck. The person who thought up all this sort of thing would like to get back to the security of the cave no doubt for he feels that the conveniences that make up our modern living quarters are a major cause of death and disaster.

What of the outside of the home? One of the problems which faces the modern man is that of squaring his commercial activities with his private principles. One man complains of his having to take a drink in order to secure a order from a customer.

I wonder — I know a lot of business men who would be prepared to do without the customer.

Any way "a sleeping pill will never take the place of a clean conscience."

If you have a clear conscience and a good liver, you are one of life's millionaires.

Dedication

In loving memory hymn books were dedicated to the memory of Mary Jane, wife of George Rupert, on Sunday. These were presented by Russ and Eliza.

Babies

There was quite a bevy of beautiful babies at St. Paul's on Sunday. The following were christened:

Judith Ann, daughter of Mr. and Mrs. Keith Johnson; Bruce Calder, son of Mr. and Mrs. Everett Ketcheson; Ann Elizabeth, Kathryn Jane and Douglas Ray, children of Mr. and Mrs. William Morton; Mary Eva Louise, daughter of Mr. and Mrs. W. Carl Potter; Thomas Malcolm, son of Mr. and Mrs. Edward Reynolds; Roger Steven, adopted son of Mr. and Mrs. William West; Anthony Allan, son of Dr. and Mrs. Ralph Vandervoort.

May they live long to share the joys of home and parents.

Ball and Chain Club

I am sorry, the mistake was mine. Last week I announced the Club's meeting for the 11th. The date is May 18th. The meeting will be at St. Paul's. Films will be shown and members are invited to bring the children.

By an unknown wise man. "A foot on the brake is worth two in the grave."

Miracles

A mother recently talked with me anxiously about her son. Not that he

is a bad boy, he is not. But then, he is not a good boy either — he is just a boy, and what a boy!

Knowing the home, I suggested that she should trust and not worry. A boy brought up in such a home will not easily depart from what he has seen and practiced there.

Sometimes I think that our anxiety is not quite rightly directed, indeed we are told not to be anxious. Anxiety has a way of fastening itself on an object, hence, an inner anxiety may well fasten itself on our children when there is no real cause so to do. We may be sure that the Good Lord will not allow our prayers and our Christian living to go unrewarded.

The fact is — the boy is full of the joy of life and if occasionally he gets into mischief, providing it is just mischief, why worry?

Just let the seeds of goodness reach him and you will see happen just what is happening in nature round about you — life expressing itself in beautiful forms. So the Grace of God in our children — just trust him.

Entered Into Rest**CHARLES ALBERT WOOD**

Charles Albert Wood, of Frankford, died Thursday, May 5th, in St. Mary's-on-the-lake Hospital, Kingston, after an illness of three years' duration. He was in his 72nd year.

The deceased was born in Madoc, the son of the late Mr. and Mrs. William Wood, and lived in Stirling prior to moving to Frankford two years ago.

He is survived by his wife, the former Albertha Young; two sons, Frank, of Frankford; George, of Stirling; three daughters, Mrs. Wilbert (Mabel) Keller, of Actinolite; Mrs. Murray (Edna) Chard, of Frankford; Mrs. Joe (Myrtle) McFarland, of Uxbridge, 14 grandchildren and one great grandchild.

Also surviving him are two sisters Mrs. Maggie Emerson, of Belleville, and Mrs. Beatrice Solmes, of Bannockburn.

The deceased was a member of the Gospel Hall, Stirling. During World War I the deceased served with the

155th Infantry Battalion.

The funeral was held Monday, May 9th from the Rowe Funeral Home, Frankford. Mr. George Butcher of the Gospel Hall, Stirling, conducted the service.

Pallbearers were Charles Harvey, Horace Chard, Dick Acton, Ross Hermonston, Albert Chard and Bob Patterson.

The service at the graveside in Frankford Cemetery was conducted by the Canadian Legion, Branch 387, Frankford.

GRACE E. WESTCOTT

On April 21st, 1955, Grace Ethel Westcott, eldest daughter of Marshall W. and Mrs. Emma Westcott passed peacefully away in a hospital in Minneapolis, Minn., U.S.A., after an illness of a week.

The deceased was born in Stirling, Ont., June 8th, 1881, and lived here until September 1905, when she and her parents moved to Saskatchewan where they lived for nine years. Then she moved to Montana, U.S.A., where she homesteaded on a half-section of land. Afterwards in the early twenties she moved to Minneapolis, Minn., where she resided until her passing.

She was predeceased by her parents, her mother passing in November 1917, her father in June 1922; her younger brother, Stephen Gilbert (Bert) in 1930 and her older brother, Charles Everett (Charlie) in 1952. Two sisters survive, Mrs. Olive E. Wise, of Mobile, Ala., U.S.A., and Mrs. A. O. Vick (Lillian or Lillie), of Lloydminster, Sask.

Funeral services were held on Saturday, April 23rd at 2:00 p.m. at McDivitt Chapel, with Mr. Henry Hoyer officiating.

Interment was made in Lakewood Cemetery.

Modern 12-Volt electrical system

This 12-volt system, with its hotter, faster spark, is exclusive with Chevrolet in the low-priced three. It gives faster, surer starts on cold mornings, and provides a big supply of reserve power.

**Controlled full-pressure lubrication**

Controlled full-pressure lubrication results in greater oil economy and in finer engine protection. The oil is forced to every working part of the engine.

Better all-round performance

Chevrolet's "Turbo-Fire" V8 makes use of General Motors' long experience in making unbeatable V8's for high-priced cars. That's why Chevrolet's V8 performance is unrivalled by comparable makes.

**Highest horsepower per pound**

In Chevrolet's "Turbo-Fire" V8, thorough engineering has eliminated all the dead-weight and unnecessary bulk — both factors which drain the rated horsepower of engines in comparable makes.

High compression economy

Chevrolet V8 has a compression ratio that is unsurpassed anywhere in its field. In fact, its compression ratio of 8 to 1 puts the "Turbo-Fire" V8 in the performance class of high priced cars. You can feel the result the instant you put your foot down on the accelerator. And, of course, high compression means high economy.

**New, shorter piston stroke**

In Chevrolet's "Turbo-Fire" V8, the piston moves only three inches — reducing cylinder wall friction, friction heat and making possible greater efficiency.

Saves 1 mile
of engine
wear in 12

Because the piston moves a shorter distance, it actually saves 1 mile of engine wear for every 12 you travel. This also puts lighter loads on the bearings!

ent. The President, Mrs. Leslie
Finkle, opened the meeting with a
reading, "Your Friends" and the sing-
ing of the hymn, "O Master Let Me
Walk with Thee" and prayer.
The members reported making 15
hospital visits, sent 31 cards and one
letter. Mrs. Fred Campbell reported
on Racial Brotherhood.
Mrs. E. B. Finkle, group leader, con-
ducted the worship service, the theme
being, "To Live and To Give."
Mrs. Finkle introduced Mrs. Darke,
who gave a talk on Corinthians, chap-
ter 3, verse 9, "For ye are God's fellow
labourers." What is the biggest
question we can ask? Why am I here?
We are sent into this world to be fel-
low labourers with God. We have a
definite clear purpose in life that im-
plies two things. First, we cannot do
anything without God, and second,

Artificial Insemination Offers The Following ADVANTAGES

- (1) The use of valuable and carefully selected sires to improve your cattle.
- (2) Sires are all regularly examined for fertility and a good conception rate in your herd can be anticipated. (In the past 5 years, 70-73% of all cows we bred conceived on the first service).
- (3) It eliminates the hazard of a bull in your barn. Why place yourself or some member of your family in unnecessary danger by keeping a bull?
- (4) This service is available for only \$5.00 for each cow bred. Sixty dollars would breed 12 cows! Keep a cow in place of your bull and she will make you money!

CURE FOR THE BLUES

When the road of life gets bumpy
And everything looks sad,
Just think of those less fortunate
And things won't be so bad.

If your confidence is slight,
Find strength to go along.
There is a way, if you've the will,
So keep it good and strong.

Don't give up, or in, or out,
Don't be a falling star.
Just play upon your courage,
And it will get you far.

building up a sound Canadian Citizenship by instilling into the minds of the young people of Canada an intelligent patriotism. This is done by means of placing libraries and visual aids in schools and awarding Bursaries and Scholarships in schools and universities in almost every field of

endeavour. School children in Canada are encouraged to correspond with children in other parts of the Empire.

War Memorials

In memory of the men and women who died in defence of the Empire in World War I and II, Bursaries are granted in Canadian Universities and Scholarships are awarded in British Universities (Overseas) for post-

graduate study.

Hospitality

Extends greetings to distinguished persons and welcomes visitors from all parts of the Empire; acts as medium for the Victoria League in Canada; has representation on Committees of Friendly Relations with overseas students.

Services At Home and Abroad

(a) Canada: Co-operates with government and recognized social agencies and gives emergency family relief, particularly in cases of fire or flood. Provides equipment to all types of hospitals, assistance to welfare camps, community centres, as well as help to nurseries and clinics. Provides amenities to veterans, service personnel and their families and directs them to the proper authorities for advice and aid. Care for military graves.

The I.O.D.E. also has its designated

place in the Civil Defence programme.

First War Memorial

The I.O.D.E. has expended over a half a million dollars since 1920 in Bursaries and Scholarships from its First War Memorial (January, 1952). In addition, more than 400 thousand dollars is invested to maintain these Overseas Scholarships in perpetuity.

Since 1920 the I.O.D.E. has awarded 237 Overseas Scholarships from its First War Memorial Fund. These Post-Graduate Scholarships are open to students in Canada, men or women, and are valued at \$2,000 each.

259 students were awarded I.O.D.E. Bursaries in Canadian Universities, valued at \$1,200 each. These bursaries were given only to the sons and daughters of men killed or permanently and seriously disabled in the First World War.

during World War I, 1914-18.

Six million dollars was expended on war work during World War II, 1939-45.

Approximately one and a half million dollars was contributed by the I.O.D.E. for Post-war Work, 1945-51, on British and European Relief, Seamen's Amenities, clothing and food parcels.

First Project — Boer War, 1900

When the I.O.D.E. was formed, its first undertaking was to supply comforts to Canadian soldiers who fought in the Boer War; subsequently the Order was instrumental in locating graves of Canadian soldiers, and in erecting a monument of Canadian granite in Bloemfontein in memory of those who fell in the South African War.

H.M. Queen Mary's Carpet — 1951

An I.O.D.E. project was the acquisition for Canada's archives of the beautiful needlepoint carpet made by Her Late Majesty Queen Mary, I.O.D.E. chapters were instrumental in raising \$105,000 for Britain by displaying the carpet in cities across Canada, in Bermuda and the Bahamas. The Royal carpet became the official property of the Dominion when it was presented to the National Gallery of Canada (Ottawa) by H.R.H. Princess Elizabeth, during the 1951 Royal Tour.

Empire Day

As Empire and Citizenship Day approaches us may we remind ourselves of the origin and history of this historic day.

The idea of having a special day set aside for Empire Day was first conceived by Mrs. Clementina Fessenden, of Hamilton, in 1896. On June 6th of that year, she attended a meeting of the Wentworth Historical Society at Ancaster. At this meeting her small granddaughter was made a member of the Society in honour of her late grandfather, the Rev. E. J. Fessenden. The child was so impressed by the proceedings that Mrs. Fessenden at once saw the importance of educating the children of Canada in the ideals and traditions of the British Empire.

As a first step, the educational authorities were approached and the services of the Press enlisted. The Hamilton School Board was the first to set aside one day a year for patriotic instruction. Shortly after this, the London and Dundas School Boards asked the Ontario Minister of Education, the Hon. J. W. Ross, to look into the matter of a special day for such purposes. Mr. Ross wrote to all the Departments of Education in Canada to get their reactions to the suggestion. The response was most favourable. The Dominion Education Association was given this information and asked to consider the matter. Consequently, when it met at Halifax in August, 1898, it fixed a day for the purpose and selected a title. The first Empire Day in Canada was celebrated on May 23rd, 1899. Every year on Empire Day a service is held at the grave of Mrs. Fessenden at Ancaster.

Meanwhile, Canada's plans for an Empire Day were attracting favourable attention in the old land. Lord Meath began the movement in Great Britain with the result that in 1904 the first Empire Day was observed in the British Isles. Since that time, Empire Day has been observed regularly in the United Kingdom on May 24th.

The Earl of Meath extended the Empire Day Movement to many parts of the Empire, from New Zealand to India, and it was estimated before World War II that over ten million children as well as millions of adults took part in the yearly observance. In most of the Empire countries, the 24th of May was selected as Empire Day, as this date is not kept as a statutory holiday, as has been the case in Canada for over 45 years. In 1906, the 24th of May was made an official public holiday in Canada to be known as Victoria Day. Empire Day is observed in Canada on the last school day before Victoria Day, May 20th this year.

Since 1951 Empire Day and Canadian Citizenship Day have been observed as a joint ceremony.

A dainty lunch was served by Miss Rosa Spry and committee, Mrs. Bill Morton and Mrs. Bert Bastedo.

The meeting closed with the singing of the National Anthem.

NEWS FOR THE BUSY FARMER

WEED OF THE WEEK

WILD MUSTARD ROBBERS OF SOIL

Taking into consideration the fact that one Wild Mustard plant produces up to 15,000 seeds each year, it is small wonder that it is the most prevalent weed in Ontario, according to the Field Crops Branch of the Ontario Department of Agriculture.

Wild Mustard (*Brassica Arvensis*) is to be found almost everywhere and it is the rare farmer who has no trace of it on his farm. He must sow only weed free seed and even then must be on the alert at all times for signs of the weed which spreads rapidly from infested fields or roadsides.

Mustard is an annual and easily recognized by its many branched stalk and bright yellow flowers which bloom from June to September. The plant produces pods containing numerous black seeds. These seeds will remain in the soil for as long as forty years and will germinate when brought to the surface by cultivation. Mustard is a land robber, taking more moisture and fertility from the soil

than does an oat plant.

In addition to the use of weed free seed, good cultural practices must be used to kill any Mustard plants that may emerge from the soil. Harrows, the finger weeder or the rotary hoe are all excellent machines for the destruction of young Mustard plants. It may also be killed by using 2-4-D in amounts of 2 to 4 ounces of the acid in as little as 10 gallons of water per acre when the plants are in the four to five leaf stage. If spraying is put off until the Mustard is in flower the chemical can damage crops. Therefore spraying at the proper time is recommended in order to destroy the weed without loss to grain crops.

SUPPORT PRICE FOR BUTTER

Announcement that the support price for butter would be continued for another year was hailed by officials of the Ontario Cream Producers' Marketing Board as a contribution to reducing unemployment in Canada.

In recent months, farmers who produce cream, and there are 60,000 of them in Ontario, have been uncertain about the future and, as a result, have been cautious in the matter of making purchases.

"Now that they are assured of a minimum price for butter for another year," said J. A. Gifford, Ennismore, Ontario, "farmers will be able to go ahead and buy at least some of the things they need."

This, he felt, was almost certain to be reflected in urban employment rolls, since farm purchases cover just about every type of industry.

And many a city worker, as a result, will be assured of employment during the year ahead.

SURFACE SILOS

Surface silos have now been introduced into almost all parts of Canada and are no longer considered in the experimental stage. It is a matter of record that when the silage material is stored correctly and the silo is properly constructed, the surface silo is a practical and economical storage structure for silage.

One of the advantages of the surface silo is its low initial cost which may range from \$1.50 to \$2.00 for materials per ton of capacity. This will be lower still if the farmer uses his own lumber. On the other hand,

the construction of tower silos may cost \$12 or over per ton of capacity. When evaluating the comparative costs of the two types of silos the period of useful life should be taken into account. A surface silo may be expected to last 15 to 20 years while a tower silo may have a useful life of 30 years or more, depending on materials of construction.

When building a silo the location should be given first consideration, advises D. J. Cooper, Central Experimental Farm, Ottawa. It should be as convenient as possible to the barn on a well drained and accessible site for filling operations as well as for feeding it out. If self-feeding is to be practised the base of the silo should be of concrete, tarvia, or crushed stone about 1/2 inch in size.

Sidewalls of the silos may be made of 2 inch lumber and should have tongue and groove joints. Only in this way can air be kept out of silage. Sidewall posts may be spaced 6 feet apart and may be braced to stop any movement of the sidewall. A height of 6 feet is suggested for sidewalls as considerable difficulty is experienced in climbing a silo any higher than this.

The usual way of filling a surface silo is to drive a loaded wagon through and unload by hand or other means. A rope and board drag was found to be the lowest cost and best means of unloading chopped silage from wagons.

Packing of a silo can best be done by a tractor, making sure to thoroughly pack at the sidewall. The amount of packing required depends upon the maturity, moisture content and length of cut. Too severe packing of early maturity, high moisture, short cut silage, results in undesirable cold silage. On the other hand, too little packing of late maturity, low moisture, long silage, produces overheating and mold formation.

AN EXPERIMENTAL "BLOAT" PASTURE

To measure the effectiveness of various treatments recommended for prevention of bloat in cattle, the Experimental Station at Summerland, B.C., needed a pasture that could be depended upon to produce bloat.

Pasture fields seeded to recommended mixtures cannot be relied upon for this purpose so a "bloat" pasture containing a high percentage of Ladino clover and Ladak alfalfa was established at the Station. Approximately 50 per cent of the animals grazed on this pasture will bloat daily.

The Station reports a product consisting of detergents in alcohol, prescribed by veterinarians as a restorative and a sister product in powder form advertised as a preventative were tested. The preventative was added at the rate of two grams per cow for the morning grain feed of half the Summerland milking herd. The remaining half were considered a control group. The treatment of two grams per cow was ineffective, so the rate was increased first to four grams and later to six grams daily, without any apparent control. Cows bled within five hours of the time of treatment.

Another attempt to control bloat featured the use of straw. The cattle were again divided into two groups and straw placed in the field containing the treatment group. The cattle ate very little of the straw and bled as usual. It was suggested that a molasses spray added to the straw might have induced greater consumption and resulted in some reduction in the bloating.

Placing the treatment group in a field of fall wheat that had been saved for pasture, for three hours from 6 to 9 a.m., showed the most promise but the supply of fall wheat soon became exhausted.

Editor Gets

Honorary Degree

Six honorary degrees will be conferred by Queen's University at the applied science and arts convocation, May 21st, Principal W. A. Mackintosh announced. Those who will receive honorary degrees of doctor of laws include George W. James, editor of the Bowmanville Canadian Statesman, a weekly newspaper, and J. R. Gordon, vice-president of the International Nickel Co., New York.

Young Clarinetist Wins Trophy

Fourteen-year-old Dale Miller, of Campbellford, has won the Cobourg Kiltie Band Trophy for gaining the highest marks in the Northumberland Music Festival held in Warkworth last week.

With 85 marks, highest in the woodwind or brass instrument section, Dale also won the Peter Barnes Trophy and a scholarship of \$50.00 for proficiency on the clarinet.

Just A Day's Work To Stunt Drivers

The "Intentional destruction" of automobiles will be one of the feature attractions of the Congress of Canadian Dare Devils to be seen Thursday, May 19th at the Campbellford Fair Grounds at 8.30 p.m.

The famed Canadian stuntmen specialize in crash rollovers, headon collisions and T-bone crashes, and destroying automobiles is just a "day's work" to them.

Spectators will declare that the object is to "destroy yourself along with the car," but with a sense of knowledge developed with long and sometimes, bitter experience, these dare-devils usually remain unscathed while ramming each other headon or participating in crash roll contests.

In the T-Bone crash, the odds are a little higher for injuries. When one drives a car up a ramp and sails through the air to deliberately crash into another car some 15 to 20 feet away, one should start with the expectation of cuts, bruises, broken bones, or serious injuries. However, regardless of the danger, the thrills involved in this "destruction derby" seem to compensate to the drivers for the chances taken.

In addition to this "mechanized mayhem," local fans will witness exhibitions of precision driving, motorcycle polo, motorcycle acrobatics, a flaming "Slide for Life," and the thrill of a lifetime in the much applauded "Cannon Shot."

The appearance of the death-defying stuntmen is sponsored by the Campbellford Lions Club and the show gets underway at 8.30 p.m. under the brilliant track lights.

NAPANEE TO HAVE NEW MEMORIAL COMMUNITY CENTRE

The Napanee and District Memorial Community Centre will soon be a reality. With over \$100,000 already secured and an objective of \$125,000, the campaign committee has decided to go ahead with the project. The building may be completed in the fall although artificial ice won't be made until later. A contract was signed with the T. A. Wilson Lumber Co., of Cannington, builders of 49 arenas, including rinks in Whitby, Ridgeway, Huntsville and Listowel.

MASSEY-HARRIS MACHINES TRACK-TESTED for DURABILITY FIELD-TESTED for EFFICIENCY

TESTING — TESTING — TESTING —

Testing is never-ending at Massey-Harris. Track testing goes on day and night, winter and summer at the Massey-Harris-Ferguson Test Track. Tractors and implements are checked with electronic equipment for stress and strain analysis. They are endurance tested for ability to stand-up under long usage and are given severe shake-down tests over the bumps to check resistance to breakages.

Steel, paint and other materials are analyzed and tested in the factory laboratory to insure that they meet requirements and specifications—careful check is kept on foundry castings—inspection departments make constant

assembly and run-off tests on production machines.

Field testing is a constant year round activity of the engineering divisions of Massey-Harris-Ferguson. Machines are sent south in the winter time and follow the harvest north until freeze-up to give new models as much work in the field as possible. Machines are tested under many varied conditions for ability to do their work well, for ease of handling, for economy of operation, and for capacity to do a good job. Well designed, well built and thoroughly tested Massey-Harris and Ferguson machines offer outstanding features in modern equipment. Your local dealer will be glad to give you full particulars.

O'Neil -- Sine Nuptials Saturday

A very pretty wedding ceremony was held on Saturday, May 7th, in St. Peter's Cathedral, Peterborough, with Rev. G. V. Gaughan, officiating, when Etta Marie, oldest daughter of Mr. and Mrs. Everett Sine, Eighth Concession of Rawdon, became the bride of Ronald Joseph, only son of Mr. and Mrs. Joe O'Neil, Fourth Concession of Rawdon.

The bride chose a strapless waltz length gown of turquoise blue nylon marquisette in fitted style with bolero jacket, matching coronet headdress and corsage of red roses and lily of the valley.

Her attendant was Miss Frances Handley, of Peterborough, wearing a matching gown in pink nylon, coronet headdress and corsage of blue carnations and lily of the valley.

Mr. Burnard Miller, of Toronto, assisted the groom.

The bride travelled in a suit of aqua linen with white accessories. On Saturday afternoon they visited her parents, Mr. and Mrs. Everett Sine, Rawdon, and also Sister Emerita, St. Catharines School, Tweed, on their way to Niagara Falls and points in the United States. On their return they will reside at Long Branch, Toronto.

Previous to her marriage the bride was feted to a linen shower by her girl friends in Peterborough.

Bicycle Violations

An 18-month study showed that in three out of four cases of collisions between motor vehicles and cyclists, the cyclists were guilty of a traffic or riding violation.

In Ontario over a typical July-August period, a study of the actions of bicyclists involved in accidents showed:

22% entered a street without stopping
19% made unsafe left turns
13% were riding in middle or on wrong side of road
10% collided with vehicle that was turning left
9% collided with passing car
8% loss control or swerved.
The advice to motorists where children are involved either cyclists or pedestrians, to "expect the unexpected," would appear to be well founded.

Carmel

At the church service on Sunday afternoon Mr. Harry Brown, Sunday School Superintendent, was in charge of the Mother's Day Service. Dawn Hubel gave the children's story and Dorothy Johnston read the Scripture Lesson. The Junior Choir sang "Mothers of Salem." Rev. F. Darke, of Foxboro, preached the sermon.

Mrs. John Robson and daughter, Susan, spent a few days with Mrs. Douglas Pyear.

Miss Marion Carlisle attended a Bell Telephone banquet in Belleville on Friday night.

Mr. and Mrs. Carleton Phillips and daughter, of Bala, spent the week-end with Mr. and Mrs. Harry Brooks.

Mr. and Mrs. Charles Bailey and Mrs. Russell Hubel visited Mrs. Glenn Hubel in Trenton Hospital, where she underwent an appendectomy.

Mrs. Joe Grills spent Tuesday with Mrs. Retta Bell, of Campbellford.

Mr. and Mrs. Roy Hagerman and Bruce, of Toronto, spent the week-end with Mr. and Mrs. Milton Hagerman.

Mr. Ed. Pyear, Mrs. Helen Neal and Bob, were Sunday visitors of Mr. and Mrs. Douglas Martin, Corbyville.

Soil And Seed Service At St. John's Anglican Church Largely Attended

Members of Congregation Participated In Ceremony Conducted By The Rector

Rogation Sunday was observed at St. John's Anglican Church at 11.00 a.m. on Sunday morning by the celebration of the Holy Eucharist and the Soil and Seed service. At the close of the collection hymn, a procession was formed of Sidemen Mr. Wm. Webber and Mr. Bruce Bell; Wardens Geo. Noble and R. Mallory; and representative farmers, E. Carr and K. Mumby. The Alms were presented by the sidemen, the bread and wine by the Wardens, and the farmers presented the soil and seed. Mr. S. McArthur was the bearer of the fertilizer, which represented all commercial industry.

As the soil was presented these words were said: "Reverend Sir, on behalf of this congregation I present to you this soil of our land, and mingle with it this fertilizer, which signifies that as all things come from God, so they must return. I ask you to offer this at the altar."

As the seed was presented these words were said: "Reverend Sir, on behalf of this congregation, I present to you this seed, which represents all the seed sown in our land. I pray you that as you offer it at the altar, you may ask God's blessing on our families, that we may indeed be the fruitful soil, to bring much fruit of His Holy Word."

Assisted by the Servers, David Bell, Robert Noble and Robert Secker, the Rector then prayed for God's blessing on the work and the land, and for industry in general. The Junior Choir sang a special setting of "The Lord Is My Shepherd." The Rector spoke on the subject, "The Sacred Soil and Stewardship." A large congregation took part in this Rural Life service, which included well known hymns on the subject of seed time and harvest.

Real Estate Changes

Several real estate deals have been completed in recent weeks in the village and district.

W. H. Donnan purchased the farm on Ridge Road from the Estate of the late Louis Rodgers and since has sold the house to Mrs. S. Kirkey, of this village. Mrs. Kirkey disposed of her property on Emily Street to E. Hosking.

Elwood Bateman, who has been residing in the Jack Potter house on Elizabeth St., has purchased the property of Farley Parnell, on Baker St., and H. R. Tompkins has purchased a bungalow on Church St. from Gilbert Finkle.

Mrs. R. Stapley, Henry St., has disposed of her property to M. Maguire, an employee of the local Hydr. Commission.

Flower Service At St. Andrew's

The annual Flower Sunday was observed at St. Andrew's Presbyterian Church, Stirling, last Sunday morning. Several baskets of lilacs and tulips graced the sanctuary.

An appropriate and well-rendered solo, entitled "Leave It To Him," by Mr. Wm. Reynolds, greatly added to the service. A large choir under the leadership of Mrs. R. H. Williams led in the singing of the special hymns.

Rev. W. H. V. Walker delivered a timely message on "Consider the Lilies." The transformation of the landscape of the long dark winter brings to mind many lessons reminding us of man's need of re-birth, and to have more faith in our Heavenly Father, living each day in a spirit of quiet confidence believing in these words of an old hymn, "Earth hath no sorrow that Heaven can not heal."

Next Sunday

Next Sunday morning, May 22nd Rev. J. W. Macdonald, Clerk of Kingston Presbytery, will occupy the pulpit here as Rev. Walker is taking his Anniversary Services.

Breaks Arm In Fall

Mrs. C. Wright, Emily St., sustained a double fracture of her right arm as a result of a fall at her home on Friday night. The injured lady was given medical attention by Dr. E. A. Carleton.

Entertains On Anniversary

Mrs. C. A. MacConnell entertained a large number of friends and relatives on Sunday afternoon and evening, May 15th, it being the occasion of her birthday. She received many beautiful floral bouquets, cards and presents, which included a Bulova wrist watch. Several long distance calls were received from Fort William, Toronto and many other points.

Engagement

Mr. and Mrs. W. H. Donnan, Stirling, Ontario, wish to announce the engagement of their daughter, Ruth Emma, to Allan Storie Munro, son of Mr. and Mrs. J. E. Munro, of Stirling, Ontario. Marriage will take place Saturday, June 11th, 1955, at their residence.

Grand Master To Honour

Newton Foster, Grand Master of Ontario I.O.O.F. will be honoured with the presentation of the Grand Decoration of Chivalry at a ceremony to be held in Kingston, on Saturday night, R. E. Fox, High Priest of the Grand Encampment of Ontario, and Mrs. Fox as well as several other members of the Order in Stirling and district are planning to attend the function.

Liberal Candidate W. Hastings Retires

George Whitman, nominated Monday night as Liberal candidate in Hastings West, Tuesday withdrew on his doctor's orders.

Riding officials said another nomination convention would have to be held, but no date had been set, and no candidate suggested. Six others withdrew when Mr. Whitman was nominated.

Mrs. J. C. McGee Hostess To C.W.L.

The May meeting of the Catholic Women's League was held at the home of Mrs. J. C. McGee. The meeting opened with the League Prayer by Rev. J. L. Lamarche.

The President, Mrs. Vincent Farrell, called on the Secretary Mrs. Uniaque, for the minutes and the Treasurer's report in the absence of the Treasurer. The members decided to pack a box of used clothing to send to needy families. They also decided to have a bazaar sale on May 28th.

Mrs. Farrell asked as many of the members as possible to try and attend the Regional Meeting of the C.W.L. in Tweed. The meeting was adjourned and refreshments were served by the hostess.

Mrs. W. L. Munro Loses Sister

Stirling and district friends join in extending sympathy to Mrs. W. L. Munro, Wellington St., in the loss of her sister, Mrs. C. Hosie, of Perth, whose death occurred on Sunday night.

Mr. and Mrs. Munro, Mrs. J. W. Munro and Mr. Howard Munro attended the funeral on Wednesday with the latter acting as a pallbearer.

Receives Degree

Congratulations are extended E. John Chard, of Stirling, who obtained his Bachelor of Education Degree from the College of Education, University of Toronto, on Saturday last. Mr. Chard is a member of the staff at the O.S.D., Belleville.

St. Paul's Woman's Missionary Auxiliary Holds Interesting Meeting

The May meeting of St. Paul's W.M.A. opened with quiet music by the pianist, Mrs. Robt. Hulin. The President, Mrs. George Carlisle gave the call to worship with a poem "Take time to worship, to work, to think, read, help, enjoy friends, live, dream, laugh and plan." This was followed with prayer.

Mrs. H. C. Martin conducted the worship service. The theme was "To Live and To Give." The Statement of Purpose — "To interpret the Christian life in terms of service; To build within the community the spirit of good will; And within the world the foundations of peace; To co-operate with all men and women in brotherliness; To work, play, love and worship in the Spirit of Christ."

Mrs. H. West sang the beautiful solo, "Just For Today." Mrs. Martin led in prayer and Mrs. Pitman read a translation by J. B. Phillips from the 9th chapter of 2nd Corinthians. The hymn, "Creation's Lord, We Give Thee Thanks," was sung. Mrs. N. Westcott the Meditation, entitled "We Must Share," stating that it is required of a steward that he be faithful. Mrs. Martin closed this part of the service with prayer.

Mrs. Martin then asked Mrs. J. B. Thompson, Mrs. Jones, Mrs. S. Elliott and Mrs. Eggleton to help in a discussion of the Maintenance of the W.M.S. There are 33 members on the Dominion Board, but only 11 members are on salary. Mrs. Eggleton explained the allocation for Overseas and Home Missions, but noted that there were always changing conditions.

There are 38 All People's Churches and Churches of All Nations in Canada, and 19 languages are spoken. We must give these churches all our help through giving. We must work with the 1. Board of Christian Education; 2. Committee on Missionary Education; 3. Board of Evangelism and Social Service.

The greatest challenge from overseas work is the need of personnel — more doctors, nurses, missionaries, and of course financial help. One important factor is to train the native workers in overseas countries. At present India needs help for a medical college; Japan and Africa, High Schools. After learning about the administration of our W.M.S., the question was asked of how we can share in the missionary work throughout the world. This may be done by loosening our heart strings and purse strings. Two comments were made on giving: 1. Personal gifts may be sent directly to missionary, but Auxiliary gifts must be sent through W.M.S. channels; 2. Life Memberships should be given to worthy workers and these members should continue

Entertains St. Andrew's Club

The May meeting of St. Andrew's Club was held at the home of Mr. and Mrs. J. Johnston on Wednesday evening, May 11th. Mrs. Johnston opened the meeting with a poem. Carol Farney gave the Scripture Lesson and explanation. Gena Spry closed the devotional period with prayer.

The business consisted of plans regarding the annual strawberry social which is to be held on Tuesday evening, June 21st.

Mrs. Boyce gave a piano solo and Mrs. W. H. V. Walker gave a very timely address on "Homes," connecting it with family week. Oscar Clapper, Carl Bateman, Oliver Dalrymple, Ernie Cain and Eugene Burrell gave a musical selection which was much enjoyed. The meeting was closed with prayer.

Mrs. Johnston served lunch and a social time was spent.

Oliver Dalrymple moved a vote of thanks to all who had assisted in the programme and to the host and hostess.

Chas. Hamilton Has Operation

Chas. Hamilton, who was to have come home from Peterborough Hospital this week, took a turn for the worse on Saturday last, and underwent another operation on Monday. The latest report is that he is progressing as well as can be expected. Hamilton has been a patient in the hospital since April 11th, when he was accidentally shot in the abdomen, while on a camping trip with several companions.

Miss W. Huffman Addresses Guides

Miss W. Huffman, teacher at the Ontario School for the Deaf, Belleville, visited the local Girl Guide Company on Tuesday night. Miss Huffman gave a very interesting and enjoyable account of the school's routine, methods of teaching and many things of interest to the girls and leaders.

After Miss Huffman's address the girls asked her many questions and were quite pleased when the local Company was invited to pay a visit to the O.S.D. in the Fall, where they hope to get Guides and Scouts started in the near future.

Miss Barbara Woodbeck moved a vote of thanks to Miss Huffman for the very enjoyable and informal talk.

to work and give. Prayer and the dedication of the offering closed this portion of the programme.

Mrs. J. B. Hough gave a very interesting report on the Presbytery meeting at Picton. She stated that religious liberty in India has made dramatic changes for women and also in the caste system.

The community friendship committee reported 47 calls.

Mrs. R. A. Patterson, Literature convener, offered 4 new books for reading and stated "A man is himself plus the books he reads." She also read a story of "Just For Today," through which the Great Designer of the Universe has so wisely made a rule. It told of a fairy granting permission to show a man a copy of the local newspaper printed one year from today. He first turned to the stockmarket and was overjoyed to find his stock was worth a million. Then as he continued to read he found the account of his death in the obituary column.

Mrs. E. Eggleton, Christian Stewardship convener, stated that our allocation is \$575.00 and in the first quarter we received \$135.90. It was suggested that we bring our July envelope in June and our August one in September. Mrs. Stapley suggested that we use the birthday box again.

The meeting was closed with the Mission Benediction.

Over Three Hundred Participants In Rawdon Music Festival

Fair Directors Met Tuesday

The directors of the Stirling Agricultural Society met in the Department of Agriculture Board Room on Tuesday night, with President Clarence Fitchett presiding. Plans for holding the annual Fall Fair next September were discussed at some length and the various committees will be busy in the coming months in preparation for the event.

Bethel Girl's Club Sponsors Banquet

On Thursday evening, May 5th, the Bethel Girl's Club under the leadership of Mrs. Stewart Hoover and Mrs. Don Heath, sponsored a Mother and Daughter Banquet in Bethel Church Hall. Every lady in the Bethel community was invited and there were sixty in attendance. A delightful meal was served by the girls.

Rev. W. G. Fletcher led the singing, with Miss Marlene Hadley as pianist, and also acted as master of ceremonies. Miss Shirley Cooney, President, gave the Toast to "Our Mothers" and Mrs. Alton Hadley replied. Miss Joyce Reid gave the toast to "Our Church" and Mrs. Thomas Laycock replied.

Guest Speaker

The guest speaker was Mrs. A. E. Toombes, Town Line, who described life in India where she had served as a Missionary with her husband, who is at present Minister of the Presbyterian Church, Campbellford. She now is in charge of "The House of Happiness" home for children.

The programme consisted of three numbers by Miss Sandra Welsh, of Moira; two vocal solos by Miss Carol Sharpe, Mount Pleasant, with her mother as accompanist; two piano duets by the Misses Muriel and Mildred Morton, of Wellman; two accordion selections by Miss Linda Sine, of Stirling, and two vocal duets by the Misses Shirley and Marion Broadworth, of Minto.

The banquet was a special venture on behalf of the club to honour the "Mothers" and all the ladies of the community were unanimous in the opinion that it was a successful evening.

Instruction In Judging Livestock Given 4-H Clubs Here Monday

Harold Detlor Presides — Illustrated Talks Given On Judging Types of Livestock

Representatives of seven 4-H Clubs in the southern part of Hastings County, numbering approximately 150, attended a coaching night in the Stirling Community Hall on Monday. The clubs represented were Tweed, Stirling, Madoc and Belleville 4-H Calf Clubs, and South Hastings 4-H Swine, Potato and Grain Clubs.

Harold Detlor, of Stirling, President of Hastings County 4-H Club Leaders, occupied the chair and the meeting opened with all repeating the 4-H Pledge.

Illustrated talks were given on the various types of judging, with A. Francis, Assistant Agricultural Representative opening with a talk on general livestock judging, followed by Carl Bateman, on dairy cattle; Harold Detlor, on beef cattle; Douglas Harry, on sheep; Ross Moorcroft, on swine, and A. O. Dalrymple, Agricultural Representative, on the judging of hog carcasses.

Mrs. O. Dalrymple Hostess To St. Andrew's W.M.S.

The May meeting of St. Andrew's W.M.S. was held at the home of Mrs. A. O. Dalrymple with an encouraging attendance. The President, Mrs. Roy Eggleton, extended a hearty welcome to all members and visitors. The hymn, "For the beauty of the earth" was sung. The Scripture Lesson, from Proverbs 31, was read by Mrs. E. Hoard.

A paper entitled "The Origin of Mother's Day," was read by Mrs. Roy Eggleton. The essence of the greatest love on earth is to be found in mother love. A prayer on behalf of the women of the W.M.S. that they may become sacrificial in their giving, was given by Mrs. H. Rollins.

Mrs. R. Eggleton read the editorial in the May Glad Tidings, which was written by Mrs. M. R. Adamson, President of the Council which is meeting at the present time in Glenview Presbyterian Church, Toronto. From it we learn that our sons and daughters in a few years will be the leaders of our church and society and our concern is: What is the best training they can receive to carry on this mission work. They will need better training

and knowledge that we have had for they will have to face greater problems than we have had in the missionary life of the church. God grant that we may never forget that He sent His only begotten son into the world that we might have life everlasting. May we do our part in giving the best we have to win the world for Christ.

The minutes of the last meeting were read by Mrs. Earl Fox. Mrs. Fox read a letter from head office in Toronto urging us to be diligent through the summer months in return for all that the Lord has given us.

The Treasurer, Mrs. R. A. Hermiston, gave the report of the Easter Thank-offering for the Home Helpers as well as the members. For this we are humbly grateful.

A bake sale was decided on in June. Mrs. K. Ray and Mrs. Hermiston will appreciate the co-operation of all the members. Mrs. Fox conducted the roll call with the word "Beauty" the key word. This encourages our knowledge of the Bible. The offering was taken and a prayer of dedication followed.

The second part of the meeting was conducted by Mrs. W. L. Munro. A poem teaching us to keep watch of our words and our deeds was read by Mrs. Munro. The hymn, "Lord for Tomorrow and its Needs," was sung. A story of a great artist was read by

Mrs. A. O. Dalrymple. His great success was due to the fact that he was willing to do his best work in his humble home. Good work in the end cannot be kept secret.

The topic from the study book, "Face to Face with India," was taken by Miss Gena Spry.

India not only lacks sufficient food for its people but it lacks enough of the right kind. Unthinking people from the west often make the generalization that the people are slow and lazy. In fact, Christian Missionaries are often guilty of the same remark. They do not realize that a thin emaciated man or woman walking six miles through the burning sun in a temperature of 106 degrees with a basket of ten clay water jugs on his head is doing a remarkable job. It is all the more remarkable when you know that all they have to eat is a small dish of rice twice a day. The weather and the diet of India combine to produce a people who are far from healthy. Surely the knowledge of this should touch our hearts.

Two short poems, one entitled, "Mother's Day" and the other "Beauty," were read by Mrs. W. H. V. Walker. The hymn "Stand Up, Stand Up For Jesus," was sung and the benediction brought the meeting to a close.

The hostess, assisted by Mrs. Don

Rodgers and Mrs. W. L. Munro, served a delightful afternoon tea. On behalf of the society Mrs. R. A. Hermiston expressed great gratitude to Mrs. Dalrymple and her helpers for the fine missionary programme and lunch.

Neighbors, Relatives Friends, Honour Bridal Couple

On Thursday evening, May 12th, a large number of neighbours, relatives and friends of the community and surrounding district gathered at the spacious home of Mr. and Mrs. Donald Leeming of the 2nd Concession of Thurlow Township to honour their eldest son, Billy, who was recently married to Miss Jean Clarkson, of Preston, Lancashire, England, with a miscellaneous shower.

Billy and Jean were given seats of honour near a table well laden with gifts. Mr. Fred Mitchell called the gathering to order and said a few words. He spoke briefly of Billy as being one of the popular young men of the neighbourhood, who was always willing to take part in any activities of the community when called upon. He stated that he is a great help to the Anglican Church, St. Margarets on

the Hill, where he is a valued member. The chairman addressed the following remarks to Jean: "Jean you are a stranger to most of us," but seeing that you came from England we do not feel you are a stranger for we look upon England as our Mother Country. We want to welcome you to our community and trust that you will find much happiness here among us as we learn to know you better. We hope to meet you often at our community activities in the neighbourhood."

Mrs. Robert Atkins was called upon to read an appropriate address expressing good wishes for their future happiness.

Dear Jean and Billy:

We your second line friends and neighbours have come together tonight to honour your recent wedding with tokens of our esteem for both of you."

Bill, having been born and raised in this community, you are very highly thought of by all. You have shown considerable leadership in your Jr. Farmer work and in various campaigns, they have undertaken. You are also a ready and willing helper no matter what you are called upon to do and we are very fortunate to be able to keep you in our midst.

Jean, we do not know you so well but as you take your place in the most responsible position you have ever had, we know you will also become endeared to us. You have certainly taken an important step, and as many have before you, you are coming into a new community in the land of promise, where faces and places are

strange, but I am sure we will do our part in helping you to make your roots grow deeply and in some way make up for the friends you left behind. Their loss is our gain. Life's dream is just beginning for the two of you. May God bless you, guide you and guard you on your journey down life's beautiful pathway.

Without further adieu it is with great joy and pleasure that we present these gifts and hope that they will be of some use in your new life together.

Signed on behalf of the community, Robert and Doreen Atkins and Manley and Vera Mitchell.

They were assisted with the unwrapping of the many lovely and useful gifts by Mrs. Atkins and Mrs. Mitchell.

The bride and groom made suitable replies thanking everyone for the beautiful gifts which they will always cherish. All sang "For they are jolly good fellows."

Refreshments were served and a social time enjoyed.

Marsh Hill

Mrs. Berson Mitts attended the Officer's Conference for Women's Institute Presidents at Guelph last week.

Rural Life Sunday
Rural Life Sunday was observed on Sunday morning at Marsh Hill United Church. The order of service prepared by the Board of Home Missions of the United Church of Canada was followed, the theme being, "God the Lord of All." During the service Mr. Fred Campbell sang a solo, "I Do Not Ask, O Lord, That Life May Be a Pleasant Road." Rev. Darke gave an interesting sermon on "Rural Life."

St. Paul's Notes

(By Rev. A. Packman)

"Life has been good to me," wrote a well known statesman "and I am grateful, and I will accept as many more years as may be granted. I shall not be too distressed when the summons comes to depart. I love the sunlight but I do not fear the dark."

So may we all live.

Spring

The person mentioned above adds: "Autumn has always been my favourite season." But what of spring?

A journey through this glorious country at this season of the year is like walking through the 23rd Psalm. Go North, friend. Go North! But don't go too fast. You may see many things as you travel at 70 miles per hour, but God is not one of them. See and enjoy.

Never were there bigger or better Trilliums. As I travelled recently they were there in their white thousands. Every stream looked as if it should be full of fish! It still is so far as my fishing goes. But fish or no fish, it's a privilege and a joy to walk alongside any one of our lovely rivers or streams — there is no music like the song of the stream. It quietsens a man down like the saying of his prayers.

The sermon at St. Paul's last Sunday revolved around this theme. Spring. Nobody deserves a Spring and its worth living through the winter to reach the Spring.

In the "Republic," Plato tells of the crew of a ship who decided that their Captain was mad because they noticed he took observations from the stars. Being practical men, they argued that a ship sails on the sea and is influenced by winds, tides, and currents, and that star-gazing is just nonsense. So — they locked the Captain up in his cabin and sailed their ship to disaster.

Maybe it is not a bad idea after all to spend a little time along side the river, it may help us to get a sense of direction for life.

Memories

I should have mentioned in last week's notes that other hymn books dedicated included one from Mr. and Mrs. Jack Hansen in memory of Mrs. Jennie B. Chambers, and also Mr. Hans Jorgen Hansen. Also one from Mabel Weaver, of Trenton, in memory of her mother.

Say It With Flowers

I noticed among the beautiful flowers on Sunday a bowl of pansies placed in the Church in memory of Russell Stapley.

I have noticed also when at the hospitals how very great is the pleasure provided for the patient by those who send flowers to them. Flowers seem to carry a message of their own. Mothers like to receive them — say it with flowers.

Anniversaries

The St. Paul's Sunday School Anniversary will be held on Sunday next, May 22nd at 11 a.m. and 8 p.m.

The morning service will be conducted by the minister, assisted by the Superintendent, Mr. George Carlisle, Assistant Superintendent, Mr. Charles Davidson, and Bruce Philip, the Secretary.

The evening service is to be conducted by the Rev. Harry M. Davis, of Bridge Street, Belleville. All friends are cordially invited to attend.

Session

A meeting of the Board of Session will be held at the Parsonage on Friday evening, May 20th, at 8.30 p.m.

Recovery

One of the pleasures of visiting Carmel on Sunday evening last was in seeing Mrs. Tim Bailey at Church. After many weary weeks of sickness it was good to see her out again.

Very seldom has one listened to a more convincing message than that delivered by the Rev. A. M. Laverly, B.A., B.D., on the occasion of the Young Married Couples Service held at Carmel on Sunday last. The service was conducted by the President, Mr. Douglas Pyear. The Lessons were read by Rita Pyear, Past President and Archie Bailey. The Young Farmers Choir gave splendid service and the whole service was most acceptable and inspiring.

"How many children have you at home?" asked a neighbour.
"Seven," replied the girl.
"Gee," so many children must cost a lot of money," said the neighbour.
"Oh, no," replied the girl, "we don't buy them — we raise them."

Springbrook W.A.

The regular monthly meeting of Springbrook W.A. was held at the home of Mrs. Chas. Gordanier at 2.00 p.m. on Thursday last with a good attendance. The President, Mrs. D. Fleming had charge of the opening exercises, after which Mrs. George Thompson conducted the worship service assisted by Mrs. Fred McKeown, Mrs. Bert McCoy and Mrs. Wallace McInroy. Hymn 445 was sung, follow-

ed by the Lord's Prayer.

Roll call, "A Home Mission Station," was well responded to. Thanks were given Mrs. P. Mumby for making tea towels and plans were made for catering to a wedding and for the sale at Hoard's.

There were 27 calls made and 42 cards sent for the month. The 24 beautiful stacking chairs have arrived and were christened at the father and son banquet the week previous.

Mrs. Gordon Webb and Mrs. T. H. McKeown were appointed to the W.A. Convention at Madoc on May 26th.

The programme consisted of the topic capably given by Mrs. H. E. Beare on home missions from past experiences; also readings by Mrs. D. Fleming, Mrs. W. McInroy, Mrs. Percy Bateman and Mrs. Clint. Robbins. Mrs. G. Webb rendered an appropriate solo, "Mother of Mine."

The President thanked the hostess for opening up her home, Mrs. Beare for her splendid work with the C.G. I.T., Mission Band, Sunday School work and also all those who helped clean the church. The meeting closed with the Mizpah benediction.

Lunch was served by the hostess and her assistants and a social half hour was enjoyed by all.

**Mrs. H. Smith
Hostess To Mt.
Pleasant W.M.S.
and W.A.**

Thirty-three ladies were in attendance on Wednesday afternoon for a joint meeting at the home of Mrs. Herbert Smith and twenty-two were W.M.S. members.

Mrs. Frank Jeffs opened with prayer following quiet music and used the programme outlined in the Missionary Monthly prepared by Mrs. M. A. Love on the theme "We Must Share."

Mrs. Milford Wrightman read the Bible Lesson and the Stewardship Secretary outlined the discussion period at the recent Presbyterial on this subject.

Mrs. Percy MacMullen read the minutes and roll call was "A Mother of the Bible." Mrs. John Hay will be June hostess for the W.M.S. with the

keyword "Prayer" and the program will be in charge of Mrs. John Mulheron. The Treasurer reported \$52.55 for April. Mrs. Burton Sharpe was appointed leader of the Mission Band, with Mrs. Stanley Williams as assistant. Mrs. Robert Merrick has started a travelling blanket to raise funds for the Baby Band.

The Supply Secretary would like to pack a bale in June. The calls were received by Mrs. Will Potts. The Citizenship Secretary gave a short article on good citizens.

Mrs. Blake Sharp outlined the study. The Church of India is trying to co-operate in a Regional Christian Council. William Carey proposed this in 1806 but it took one hundred years to put the idea across. The Christian Medical College at Vellore in South India established by Dr. Ida Scudder is a fine example of Christian co-operation.

A letter was read from Missionaries reporting the work of Miss Joyce Kilpatrick at Dhar, India.

W.A. Meeting

Mrs. K. Weaver presided over the W.A. meeting and Miss Doris Sine read the minutes. The Treasurer reported \$540.00 in the treasury. Delegates were appointed for the W.A. convention at Madoc.

Mrs. James Hoard conducted the W.A. devotional with Mrs. Ross Jeffs reading the Bible Lesson. Mrs. W. G. Fletcher gave a paper on the theme after which Mrs. Marguerite McMullen contributed a vocal selection.

The hostess served light refreshments and was thanked for hospitality.

**Norris Whitney
P.C. Candidate**

Norris Whitney, who represented Prince Edward-Lennox in the last Ontario Legislature, was nominated as Progressive Conservative candidate at a convention at Picton on Saturday afternoon. He defeated Jack Welch, also of Picton, who was one of 15 nominated.

Of a possible 378 delegates, six representing each poll, there were 370 present, along with a number who had been named as alternatives.

Y.P.U. Meeting

The May meeting of Eggleton Y.P.U. was held at the home of Miss Donna Stapley. Mrs. Maurice Clancy presided at the piano.

Tom Bridges read the Scripture Lesson from Ephesians, chapter six, after which Mrs. Clancy led in prayer.

During the business period plans were made for the hay ride and weiner roast to be held Friday evening. All Y.P.U. members are to meet at the church.

Rev. Chapman told a story showing the Y.P.U. members the importance of their mothers. Mr. Bryce Philp, of Stirling, showed pictures of his recent trip to California, which everyone enjoyed seeing.

Refreshments were served by Donna and Mrs. B. Stapley. Eggleton W.M.S. and W.A.

On Thursday afternoon the May meeting of Eggleton W.M.S. and W.A. was held at the home of Mrs. Bruce Stapley with 14 ladies and 4 children present.

The W.A. President, Mrs. William McMullen, presided over the program which had been prepared by Mrs. W. Harlow and opened the meeting by reading a short poem, "Workers Together with God."

The devotional period was conducted by Mrs. Milton Reid, reading for the Scripture Lesson Psalm 90 and prayer by Mrs. Carl Bridges. Mrs. Harlow read a poem "Kneel Down." Mrs. Pichett read the minutes of the last meeting. Six visits were reported. Ten members paid their W.A. fees. Mrs. Nathan Wamamaker, of Stirling, kindly invited the ladies to her home for the June meeting with Mrs. Maurice Clancy to prepare the programme. The W.A. Convention will be held at Trinity United Church, Madoc, on May 26th.

Plans were discussed for having the Cemetery Bee on June 1st with the W.A. ladies serving dinner on the church lawn. Mrs. McMullen and Mrs. Bridges to arrange the menu. Mrs. Warren Harlow was appointed Treasurer for the Home Mission Work Fund.

A poem, "The Divine Weaver," was read by Mrs. Clarence Fitchett. Miss Joyce Stapley contributed a piano solo. Mrs. Clifford Lansing as guest speaker gave a splendid paper on "What it means to be a W.A. member."

The President spoke briefly, thanking Mrs. Lansing for her very interesting address. She also spoke a few words of welcome to Mrs. R. C. Chapman and thanked Mrs. Stapley for opening her home and Mrs. Harlow as programme convener.

The hostess served dainty refreshments.

PERFORMANCE, NOT PROMISES IS STILL THE PROGRESSIVE CONSERVATIVE MOTTO

These are Performances...

To give producers a voice in product marketing, Ontario now has the most advanced legislation of any province.

For the betterment of rural living, the province makes special grants toward the building of community halls, arenas, skating rinks and swimming pools. 864 projects have been developed under this policy.

To lighten the farm load and brighten farm homes, the province pays half the cost of new rural hydro lines. Over 85% of all farm homes have hydro.

For more profitable returns, the Department of Agriculture, through its Livestock Branch finances a sire-testing program; milk-testing service and provides assistance in the eradication of Brucellosis and Warble Fly.

For higher income from dairying, legislation allows producers by collective bargaining to obtain the best possible returns. Ontario's fluid milk price formula has maintained price stability.

To increase the productivity of the land, new seed varieties have been introduced and policies adopted providing for a sound land use program.

To open up farm areas in Northern Ontario, the Ontario Department of Agriculture gives special grants toward the clearing and breaking of land assistance in the purchase of livestock; veterinary aid and farm water supply.

To promote scientific high-return farming, constant studies are carried out by the Farm Economics Branch with findings available to all farmers to assist in the lowering of production costs.

Under a farmer Minister, F. S. "Tommy" Thomas, and with farmers like W. A. "Bill" Goodfellow of Northumberland and J. N. "Jim" Allan of Haldimand-Norfolk in the Cabinet, rural Ontario has an important place in the Progressive Conservative program.

Honoured Prior To Departure

On Monday evening, May 2nd, a large number of friends and neighbours gathered at the River Valley School to honour Mr. and Mrs. Albert Hubble and children prior to their departure for their new home in Rawdon Township. Mr. Jack Sager acted as chairman and a short program was presented, including community singing with Mrs. P. Conley as pianist. Jack Bush rendered a solo. Several selections were sung by the school children.

Mrs. J. L. Donohoe read an address and a presentation of a hostess chair, coffee table and ornament and sand pails, balls and shovels were given to Albert, Betty, Doreen and Dennis.

Albert and Betty thanked their friends for the lovely gifts and invited them to visit them at their new home. The evening ended with God Save the Queen and a lovely lunch was served.

a name for the club. The Club's objectives are as follows:

1. To create an interest in gardening among rural girls.

2. To demonstrate the values of a good farm garden.

3. To encourage the consumption of a greater variety of vegetables in the home throughout the year.

4. To stimulate interest in the improvement of home surroundings.

5. To give assistance to club members in — (a) Planning and planting a vegetable garden; (b) Methods of cultivation to give the best possible

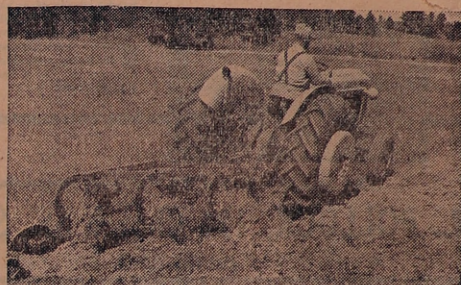

yield; (c) Planting flowers and improving home surroundings; (d) Preparing and serving vegetables for family meals.

6. To encourage the daughter's participation in the farm home activities and sharing responsibilities as a member of the family group.

The leader led in a discussion on their objectives, how to plant the seeds, reasons for first and second plantings, and the use of sprays, dusts and fertilizers.

The meeting closed with the singing of the Queen.

Rylstone W.I.

On Wednesday afternoon Mrs. Ray Stewart was hostess to about twenty-five ladies of the Rylstone Women's Institute and several children. Mrs. Wilfred Spencer, President, opened the meeting in the usual way with the Institute Ode and Mary Stewart Collected, followed by the roll call, answer-

ed by "One thing I want the public to know about the Women's Institute." The minutes of the annual meeting held at Rylstone Church in April were read by the Secretary-Treasurer, Mrs. Jack Watson.

It was decided to buy Institute Handbooks for the Conveners of the Standing Committees. There was some discussion about a coming date for catering at the Community Sale.

Mrs. Alfred Akins was chosen as delegate to the District Annual Meeting to be held at Wellman's Corners on June 8th. Silver spoons are to be bought for the 17 club girls who finished their courses in 1954. An Extension Service, "Hints for the Home Nurse," was chosen for the fall.

Grandmother's Meeting

This was the Grandmother's Meeting and Mrs. W. Barnum was conven-

er for the following program: Topic, "Mother, her place in the home," prepared by Mrs. Don Kerr, and read by Mrs. Alfred Akins; vocal solo, "Count Your Blessings," by Mrs. Don Stewart with Mrs. Ellis Jones at the piano; contest, "Stone Age Quiz," by Mrs. Gerald Petherick; reading, "When Father Broke His Arm," by Mrs. Carl Reid; demonstration on making a mat from nylon stockings," by Mrs. Ellis Jones.

There were nine grandmothers present and Mrs. Carl Reid and Mrs. Gerald Petherick, program committee had prepared tiny ribbon-tied plastic baskets, filled with homemade candy. These were presented to the "Grandma's" by Mrs. C. Reid and Mrs. Fred Barnum thanked them on behalf of all the grandmothers present.

An "Old Hat Parade" was staged and prizes given to the first three chosen. Prize winners were: 1st, Mrs. Carl Reid; 2nd, Mrs. Wilfred Spencer; 3rd, Mrs. Minnie Petherick. A contest, "Grandma's Sayings," was put on by Mrs. Jones. There was an exchange of flower slips and perennials.

Lunch was served by the hostess and the lunch committee, Mrs. Gerald Barnum, Mrs. Ellis Jones and Mrs. Jim Milne.

The meeting closed with the singing of God Save the Queen.

Two ways to check your buying skill

1 When you buy a house

Would you buy a house without looking it over thoroughly first? Or would you examine plumbing, heating, storage facilities, the neighbourhood and the reputation of the builder? The more thorough you are, the higher you rate in buying skill... and you'll be hundreds of dollars ahead of the careless buyer in the long run.

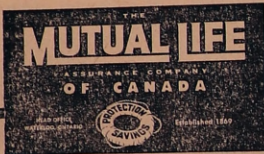

2 When you buy life insurance

Would you buy a life insurance policy on the strength of the premium alone; or would you look carefully at equally important features—dividends, cash value, and the reputation of the company? If you consider these things you'll save yourself time and trouble—and hundreds of dollars in cash!

The Mutual Life offers outstanding service

CLANCY — CRANSTON

Tall standards of spring flowers interspersed with ferns formed a lovely setting in Springbrook United Church on Saturday, May 7th at 2:00 p.m. for a pretty wedding when Joyce Elaine Cranston, of Harold, Ont., daughter of Mr. and Mrs. Earl Cranston, became the bride of Keith Carleton Clancy, son of Mr. and Mrs. Carl Clancy, of Harold, Ont. Rev. H. E. Beare officiated.

The wedding music was provided by Mrs. Carman Sine, who accompanied the soloist, Mrs. James Pollock who sang before the ceremony "I Love You Truly" and during the signing of the register "The Wedding Prayer."

The bride, who was given in marriage by her father, Mr. Earl Cranston, wore a charming bridal gown of white taffeta and nylon net in floor-length fashioned with fitted bodice of Chantilly lace with matching jacket having long, sheath-like sleeves pointed over the wrists. Her fingertip veil of embroidered tulle illusion was caught in place by a Juliet cap and crusted with seed pearls and iridescent sequins and she carried a cascade bouquet of deep red roses.

Miss Ruth Cranston, sister of the bride, was her only attendant, gowned in nylon net over taffeta in floor-

length with fitted bodice of matching lace and featuring a matching jacket. She wore long, matching gloves, and carried a bouquet of Bermuda roses in bronze shade. Her matching floral headdress was of roses.

Mr. Maurice Clancy, of Madoc Junction, attended the bridegroom, while Mr. Douglas Cranston and Mr. Douglas Clancy, of Harold, were ushers.

The church was decorated with baskets of spring flowers which included snapdragons, daffodils, tulips and iris.

Following the ceremony, a reception for seventy guests was held at the Orange Hall, Springbrook, where the bride's mother, wearing blue taffeta, white hat and matching accessories, with a corsage of red roses, received. The bridegroom's mother, attired in navy crepe with navy hat and matching accessories, and red rose corsage, assisted in the receiving line.

For an extended trip to the United States via Niagara Falls, the bride travelled in a blue-grey suit with white hat, navy shoes and purse. Mr. and Mrs. Clancy will reside in Harold upon their return.

Guests were present from Belleville, Eldorado, Shannonville, Frankford, Holloway, Campbellford and Bonarlaw.

SCOTT — DICKINSON

A very pretty wedding ceremony was solemnized at Springbrook United Church parsonage on Wednesday evening, May 11th, with the Rev. H. E. Beare officiating, when Eva Ethel Eleanor, daughter of Mr. and Mrs. Thomas Dickinson, of Stanwood, became the bride of Douglas Hugh Scott, son of Mr. and Mrs. Murney Scott, of Stirling, with the immediate families in attendance.

The bride wore a gown of fitted lace in ballerina length, fingertip veil of tulle illusion and a corsage of red roses.

Miss Barbara McMillan, of Campbellford, was bridesmaid, wearing aqua blue lace in ballerina length with coronet headdress and rose corsage.

NEWS FOR THE BUSY FARMER

WEED OF THE WEEK

WEEDS AND YOUR LAWN

Every possessor of a lawn, however small, has weeds of various kinds to contend with during the entire growing season. According to the Field Crops Branch of the Ontario Department of Agriculture, the best way to control lawn weeds is to maintain such a luxuriant growth of grass that weeds have little chance of becoming established. This is no easy matter, but periodic applications of fertilizer, the use of lime if the soil becomes acid, reseeding of thin spots, and the judicious use of water will usually produce a reasonably good turf.

There are, however, a few types of lawn weeds that will become established in spite of everything that can be done in a cultural way. With these, more drastic measures must be taken if they are to be kept under control. It is fortunate that there are now a number of selective weed killers on the market that do kill or weaken weeds without any lasting harmful effect on the grass.

Spring has barely arrived when the first yellow flower of the Dandelion makes its appearance. Dandelions are very susceptible to 2,4-D and a light application of this chemical in the form of a spray applied as soon as dandelions appear will prove almost one hundred per cent successful in destroying this pest.

Common and Mouse Ear Chickweeds are perennials and are very troublesome in lawns. These weeds spread by rooting at the nodes of the stem, and also blossom and set seed during most of the growing season. They are quite resistant to 2,4-D. For this reason it is advisable to use 1 ounce of 2,4-D acid and 4 ounces of Potassium Cyanate to 4 gallons of water. Do not use this on bent grass lawns.

Of all lawn weeds, Crabgrass probably causes the most grief. It belongs to the grass family and therefore cannot be killed by 2,4-D. In its early stages of growth it sends up grasslike blades, giving the amateur gardener the impression that he has a fine new growth of grass. Crabgrass blades are broader and a lighter shade of green than ordinary grass and in its early stages can be damaged and

possibly killed by one or more applications of a crabgrass killer, of which there are several on the market.

Once seed setting has started there is little value in attempting hand pulling as crabgrass is an annual and will die in the fall anyway. Grass cuttings should be removed at this time however, to prevent as many seeds as possible from getting back into the lawn. Spray when the new crabgrass blades are an inch or so in length.

The Plantains are broad leaved plants which are easily recognized. Dandelion sprays will kill many of them and the remainder can be dug out without much difficulty.

Knot weed is a problem on heavily used areas of the lawn or along the borders of paths. Repeated sprays accompanied by hand pulling and re-seeding will counteract this weed.

Weeds are always with us and their control is an annual problem. The only solution is to maintain a thick, vigorous, healthy grass sod and be ready with the sprayer and the spudger at the first appearance of weed infestation. Care should be taken in spraying near shrubs or flowers.

Bulletin 448 on Lawns and Bulletin 75 on Chemical Weed Control can be secured from any office of the Ontario Department of Agriculture.

St. John's News

(By Rev. H. C. Secker)

It is not generally known that Rogation means "supplication" from the Latin word rogare, to Beseech, and that there are three Rogation days, the Monday, Tuesday and Wednesday before Ascension day, Thursday, May 19th. In olden days this season was also known as grass-week, because only salads and other green foods were allowed to be eaten. Another name given to Rogationtide was gang-week, because so many people went around in processions, singing litanies in the streets. It was also the custom (and still is in some parts of England) to Beat the Bounds of the Parish on one of the Rogation days which was kept as a holiday. Parties of Parishioners, led by the clergy and choir, would walk around the boundaries of each parish, carrying wands of peeled willow with which they beat certain landmarks. This ceremony instituted many centuries before map making was known,

was intended to remind people just where their own parish ended and where the next began. Disputes over boundaries were thus avoided.

Confirmation

It is hoped that all parishioners as well as visitors will be present to take part in the service of Confirmation and to pray for God's blessing on the candidates on Sunday, May 22nd at 11.00 a.m. Besides the service this is the official visit of the Bishop, who is the Father-in-God of all church people within the Diocese. He would like to see as many as possible of his people present and to meet them afterwards. There are eight to be presented here and twenty-one at Glen Miller, including some from Frankford.

Attend Meeting

Mrs. G. Noble, Mr. R. Andrews,

Martin Secker and the Rector attended the Teachers and Superintendents meeting at St. John's Church, Bancroft, on Friday last. There was a large attendance from Hastings and Prince Edward. Reports were received and discussions were conducted in groups. A very profitable evening was spent.

Information regarding the church camp at Lyndhurst is now available. See the Rector about this and register early.

As Rural Dean of Hastings, the Rector is a member of the Executive of the Diocese of Ontario. He is also on the camp committee, the Missions Givings, and the Board of Religious Education, as well as chairman of the Western group of the Town and Country Church Committee.

Money in the bank

Millions of Canadians know the value of a bank account—the security and comfort it brings, the peace of mind it assures, the enterprise it makes possible.

When you keep your money in a chartered bank you know it is safe. And you are dealing with friendly, experienced people, skilled in the management of money and anxious to share their knowledge with you.

There is a type of account to suit your purpose, some designed to help you accumulate funds, others featuring the convenience of chequing.

Your local branch bank provides these and many other services. It is much more than a handy, safe place to keep money. It is a banking service-centre where you can count on prompt and courteous attention to all your banking needs.

Only a chartered bank offers a full range of banking services, including:

SAVINGS ACCOUNTS

Keep your money safe; pay you steady interest; encourage the habit of thrift.

CURRENT ACCOUNTS

For individuals and companies who pay by cheque; your cancelled cheques serve as receipts.

BANKING BY MAIL

Convenient, and saves time. All your routine banking can be handled in this way.

JOINT ACCOUNTS

Savings or Current; for two or more people, any of whom can make deposits or withdrawals.

THE CHARTERED BANKS SERVING YOUR COMMUNITY

Victoria Day

May 23rd

Your co-operation is requested over the week-end of May 20 to 23.

Commencing on Friday evening and continuing to Monday evening hundreds of thousands of Ontario motorists as well as thousands from the other Provinces and from the States will be "taking to the road". The exercise of Care, Courtesy and Common Sense will prevent most accidents or collisions which result in fatalities, human suffering and financial loss.

Even though "you are a careful driver" keep your mind on the job of driving. This is no time for sight-seeing while driving. "Don't Hurry" remember HURRY KILLS.

Do your part to make this, our first long summer week-end holiday, ACCIDENT FREE.

Fish Planting From Aircraft

Two hundred thousand trout were planted from aircraft in Tweed District lakes this year. The fish, planted by dropping them from aircraft, consisted of Speckled and Lake trout.

Although tests as to survival after dropping have been made in various places include the Provinces of Quebec and Ontario, and the State of California, with about 98% to 100% survival, there are among us those who are overtaken by the powers of anticipation.

When it was found that hatchery fish were to be dropped from aircraft into district lakes, one skeptic wrote to say: All the fish that were dropped from aircraft in the Tweed District in 1954 died as a result of the fall. This was one year previous to their first air planting.

Another reported that they had "dropped all the fish in the bush," this report came in two weeks before the district fish planting began.

There are advantages to planting fish from aircraft; first, lakes can be planted early when surface temperatures of lakes are the same as the hatchery waters.

Lakes can be reached in the remotest areas, where previously men carrying cans of fish over portages lost considerable fish enroute.

There is a saving in ice, ordinarily used to keep water cool in tanks when fish were being delivered to lakes and streams. There is also a saving on the amount of food consumed in the hatcheries, and a saving in time in distribution.

Better Living Threatens Water

The higher the standard of living, the greater the danger of pollution. Improved hygiene means the rapid removal of dirt and waste, which leads to pollution. Greater material wealth means an increase in manufacture, which leads to pollution. Less drudgery means a greater use of machines, which particularly through the processing of food leads to pollution. The more we have advanced, the more waste we have produced, and to expect our lakes and rivers to cope with the means they were often able to do in the past is today asking too much.

Immigration

According to year-end figures recently issued by the Department of Citizenship and Immigration, Canada took in 154,227 immigrants in 1954, a drop of 9% from the 168,868 who emigrated to this country in the previous year. There was a drop in immigration from the British Isles and from Northern Europe but an increase of 8% in immigrants from the U.S.

It is interesting to note that a total of 84,376 were in the gainfully occupied group, while 69,851 were dependent wives or children or others not gainfully occupied. Of the gainfully occupied more than 8,000 immigrants were professional people. By far the largest number of working immigrants were listed under the category Manufacturing, Mechanical and Construction — a total of 25,699.

It is to be hoped that a definite long-term policy will be sought by the government to ensure that there will be no further drop-off in immigration over the next twenty years. Canada's development depends in large measure upon an expanded home market and no effort should be spared to ensure a continuation of our upward population trend.

Do Farmers Want New Management

Marketing is still the all-absorbing topic of discussion at all farm gatherings. And the trend of thinking is more and more towards dependence on governments, and less and less on individual enterprise and initiative.

Establishment of government marketing departments on both provincial and federal levels to deal with the problems of mounting agricultural surpluses, is the latest suggestion to make the headlines. The suggestion was made at the annual meeting of the Ontario Agricultural Council and appears to have had a favorable reception among those present.

The report doesn't say precisely what would be the functions of the new departments; but the wording clearly indicates that the ultimate objective is government marketing of all farm products and relieving the farmer of the trouble of managing his own business. —The Rural Scene.

Since the end of the war the average wage in Canadian manufacturing plants has increased from thirty to sixty dollars a week.

Governor General Makes Appeal To Motorists

Canadians have been called upon by His Excellency the Governor-General to observe the Victoria Day holiday, May 21st, 22nd and 23rd, as Highway Safety Week-end.

In an appeal to the nation Mr. Massey said:

"Over the holiday week-end just before the National Highway Safety Conference — the first long summer week-end — the traffic on our roads will be heavy. Let us all, in every part of Canada, now plan to observe this holiday by preventing accidents of every kind on streets and highways. Let us see if we can reduce them to the lowest figure in Canada's history for these three days.

"We can do this, and I believe will do so, if we realize that such accidents mean loss in life, in suffering and material damage. Let us then take care to see that none of us is the cause of such loss or injury anywhere in our great country."

In ten provinces a similar appeal has been made by the Lieutenant-Governors and provincial governments to drive carefully during the busy holiday week-end. During the Victoria Day week-end of last year, 54 Canadians were killed in road accidents; on the same holiday of 1953 highway dead were 54; and in 1952 the total was 33.

Highway Safety Week-end immediately precedes the opening of the National Highway Safety Conference in Ottawa on May 24th. The first national conference on highway safety, convened by the Canadian Good Roads Association, will attract delegates from every province.

A Letter To The Editor

The Eastern Ontario Regional Drama Festival Committee has completed its audit of receipts and expenditures for the festival held February 15th to 19th and would like to inform you that a net profit of \$533 was realized.

Financial gifts from the City of Belleville and from the Rotary Club of Belleville, totalling \$125, which were given the committee prior to the festival performances, were returned with thanks.

The festival was an unqualified artistic success.

That it should have been such a financial success as well is due, in no small part, to your generosity in supporting our project by publishing items of interest about the plays and the players prior to their performance.

Apostolic Rite of The Laying On Of Hands At St. John's Church

Very Impressive Ceremony Was Conducted By The Lord Bishop of the Diocese

The Lord Bishop of the Diocese, the Rt. Rev. Kenneth Evans, D.D., paid his official visit to the Parish on Sunday, at 11.00 a.m. in St. John's Anglican Church the following received the gift of the Holy Spirit in Confirmation: Robert Noble, Robert Secker, Douglas Faires, George Mumby, David Bell, Helen Morrow, Victoria Armstrong, Barbara Haggerty, John Andrew Hermiston. Candidates from Marmora were: Mrs. Fraser and her two sons, John Fraser and Donald Fraser, and James Hewitt. Presented by the Rector, the candidates knelt at the altar rail for the Laying on of hands.

Ralph Andrews assisted in the service by reading one of the prescribed lessons.

Christ Church
Glen Miller

In Christ Church, Glen Miller, 21 candidates were confirmed. The choir of Trinity Church, Frankford, provided the music, and an anthem was sung.

Both churches were full and inspiring sermons were preached by the Bishop.

Entertain At Trenton Club

Mr. and Mrs. Walter Warren, Mrs. Ray Shortt, Mrs. Percy MacMullen, Mrs. S. J. Elliott and Mrs. Sid Williams spent Wednesday evening of this week in Trenton at the Queen Elizabeth School. Mrs. Warren, soloist, with Mrs. Shortt, accompanist, and Mrs. MacMullen, elocutionist, provided an hour's entertainment for the Quinte Disabled Persons' Club, which is under the direction of Miss Eva Morrison. At the close the Girl's Ranger Group served refreshments.

Engagement

Mr. and Mrs. Melville Duncan, of Campbellton, N.B., announce the engagement of their daughter, Isabel Eva, to Bruce Barton, son of Mr. and Mrs. Roy Barton, of Campbellford, Ont. The marriage will take place at St. James United Church, Toronto, on June 11th, 1955.

Past Grand's Club Entertained At Peterborough

On Thursday, May 19th, the members of the Past Grand's Club motored to Peterborough to the home of Misses Evelyn and Cora Bailey and had a very enjoyable day.

The President opened the afternoon meeting by the use of the Opening Verse, followed by the Lord's Prayer in unison. Roll call showed 14 members and two visitors present.

Three members paid birthday fees and one member paid a fine. A card was signed by the members and sent to a member who is ill. Business items were dealt with.

During the afternoon prizes were donated by Miss Evelyn Bailey and went to the following ladies: Mrs. P. Utman, Mrs. A. Vandervoort, Mrs. Ethel Duffin and Miss Gena Spry.

All joined in singing "Blest Be The Tie That Binds," and the closing verse closed the business portion.

The programme committee took over and contests were put on by Mrs. H. Mumby, Mrs. Earl Fox and Miss Gena Spry. A reading was given by Mrs. Mumby.

After enjoying a very lovely lunch complete with pretty flower place cards, serviettes and dainty umbrella canopies for the members, Mrs. Mumby moved a vote of thanks to Misses Evelyn and Cora Bailey for a wonderful afternoon.

The next meeting will be at the home of Mrs. Don Heath in the form of a quilting and pot luck dinner at noon on June 22nd.

Nominations

Nominations for West Hastings were held in the local Theatre today (Thursday), with M. Burgess, Returning Officer, in charge. W. E. Sandercock, Belleville, Conservative; Wm. C. Munday, Belleville, C.C.F. and Irvine A. McGaughey, of Trenton, Liberal, were the only candidates nominated.

Vice-Principal Kingston School

Announcement has been made of the appointment of Miss Eleanor Wells, of Stirling, as Vice-Principal of Sydenham Public School, Kingston. Miss Wells will also be in charge of the Guidance programme in the city schools.

Anniversary Preacher

Rev. W. H. V. Walker, of St. Andrew's Church, was the anniversary preacher at St. John's Presbyterian Church, Pittsburgh, on Sunday. Rev. W. J. MacDonald, Pittsburgh, occupied the pulpit at St. Andrew's.

District Girls Graduate As Nurses

Congratulations are extended to Misses Shirley McKeown, daughter of Mr. and Mrs. Lindsay McKeown, of Stirling, and Donna Bateman, daughter of Mr. and Mrs. Percy Bateman, of Springbrook, who received their diplomas in nursing at the annual graduation ceremonies of Belleville General Hospital, held in Belleville Collegiate last night. The reception following the graduation ceremonies was held at the Masonic Temple, Foster Ave. A goodly number of relatives and friends of these young ladies from Stirling and district attended.

Mrs. Gerald Brooks Hostess To River Valley W.M.A.

Mrs. Gerald Brooks was hostess to the River Valley Woman's Missionary Auxiliary on May 17th, with twelve members present. The President, Mrs. Ernest Carr, opened the meeting with a poem, "Recipe For A Day," and the hymn, "I need Thee every hour."

The Treasurer and Secretaries gave their reports. A bale, 35 pounds, has been sent with \$6.25 for bale expenses to Korea. A gift and a box of fruit was sent to the sick. There were 2 hospital and 11 home calls reported. The June meeting will be held at the home of Mrs. Stanley Irvn with Mrs. Ernest Carr to prepare the programme and the lunch committee will be Mrs. Ross Bush and Mrs. Ross Holland.

Mrs. Phil Conley was in charge of the programme and worship service. Hymn, "Just for Today" was sung, followed by the Scripture Lessons, Corinthians, 9th chapter, verses 6 to 15, read by Mrs. Conley, followed by prayer.

The last chapter of the study book was reviewed by Mrs. E. Carr. Money is a wrong foundation on which to build our Christian Church. We are concerned in the quality of our message and building of character. In India there is a great field opening up to young men who will dedicate their lives to this particular work.

Mrs. Roy Bush conducted the Bible study with the theme, "Sharing." Dr. Packman assisted with the discussion on Paul's letter to the Philippians.

Dr. Packman pronounced the closing prayer and benediction.

Lunch was served by the hostess and her committee. Mrs. Holland expressed thanks on behalf of the group to the hostess, programme convenor and to the lunch committee.

Stirling Festival of Sacred Praise Mon. and Tues.

The Stirling Festival of Sacred Music will be held on Monday and Tuesday, May 30th and 31st.

The opening session, Class No. 5, is timed for 1.00 p.m. at St. Paul's United Church. The Adjudicator will be the Rev. S. Osborne, Mus. Doc. The opening exercises will be conducted by the minister, the Rev. Arthur Packman, D. Ps.

At the Stirling Public School the Bible memory work will begin at 2.00 p.m. with Class No. 8, under ten years. The Adjudicator will be the Rev. D. M. Smith, Th.D. The opening exercises are to be conducted by the Rev. W. G. Fletcher, B.A., B.D.

Programmes, which are free to contestants, may be had from Mrs. W. T. Elliott at a charge of 10 cents.

The closing of this Festival will take place at St. Paul's Church on Tuesday evening at 8.00 o'clock with the "Stars of the Festival Concert."

Mr. and Mrs. Chas. Crampton and family, of Innisville, Ont., were week-end guests of the latter's parents, Mr. and Mrs. E. T. Ward.

Chas. J. E. Hamilton Died In Hospital

Many expressions of regret were heard when it was learned that Charles Hamilton had passed away in Peterborough Civic Hospital on Friday. The youth had been in hospital since April 11th and was in his 18th year.

Born in this village, the son of John Hamilton and the late Mrs. Hamilton, he had spent his whole life here. He was a member of the Stirling Boy Scout Troop B and St. John's Anglican Church.

He is survived by his father, John Alexander Hamilton; a sister, Ruth; two brothers, Robert and John at home; a grandmother, Mrs. Clara Simons, of Stirling, and an aunt, Miss Pearl Mott, of Belleville. He was predeceased by his mother, the former Jessie Mae Mott, in 1945.

Largely Attended

The funeral, which was largely attended, took place at 2 p.m. on Monday from his late residence to St. John's Anglican Church for service by Rev. H. C. Secker, rector, at 2.30 p.m. Members of Stirling Boy Scouts attended in a body and paraded from the home to the church.

The pallbearers were Tommy Wells, Allan Wells, Douglas McIntosh, Bill Fellon, Martin Secker and Keith Hansen.

Interment in Stirling Cemetery.

In Hospital

Friends of Mrs. Boulter Johnston, of Harold, will regret to learn that she is a patient in Belleville General Hospital, where she was taken on Sunday suffering from pneumonia.

Mrs. A. B. McGee, Front St., is also a patient in the Belleville General Hospital.

In Prize Money At Uxbridge Fair

John Sheridan, "Villie View Farm," Stirling, met with good success with his light horses at the Annual Spring Show at Uxbridge on Monday last. In the various events he won 2 firsts, 2 seconds and three thirds. Mr. Sheridan reports a large crowd and keen competition.

Rev. Father Lamarche Rotary Speaker

Rev. Father J. L. Lamarche, of St. James Church, was guest speaker at the weekly meeting of Stirling Rotary Club on Tuesday night.

Choosing as his subject Notre Dame University and South Bend, Ind., Rev. Lamarche gave his hearers a beautiful word picture of this famous university and enumerated several discoveries of note accomplished in its medical and engineering faculties.

The speaker was introduced by President R. Vandervoort and thanks were extended by Rotarian S. Meeks.

I. A. McGaughey Liberal Candidate In West Hastings

Irving Augustine "Mac" McGaughey, 55, Trenton electrical contractor and appliance dealer, was named Liberal candidate for West Hastings by acclamation Tuesday night at a riding convention in Kiwanis Centre, Belleville.

Mr. McGaughey accepted the nomination when Ben Blecker, ex-reeve of Sidney Township and only other nominee, withdrew.

Mrs. W. T. Elliott Speaker At May Court Festival

Mrs. Walter T. Elliott, of Stirling, was the special speaker at the May Court Festival at Ontario Ladies' College, Whitby, on Wednesday last.

Choosing as her topic, "Whither Thou Goest," Mrs. Elliott emphasized the importance of having a goal in life and pointed out the advantages of all the obstacles which intervene. At different times we were measured by different standards, 1st, by pounds and ounces; 2nd, by the yardstick or rule; 3rd, by dollars and cents, and finally by the standards set up so long ago by Our Master.

The value of influence was also stressed by the speaker who suggested that we not only be careful of our influence, but that we should be proud of it.

In addressing the May Queen, Mrs. Elliott suggested how as a queen she was set apart; how her crown was a symbol of someone worthy of great accomplishments and closed with the poem, "The Light of the World," as contained in her floral crown, suggesting that it might endure like the Master's Crown so long ago. In conclusion the speaker left the thought of the necessity of being faithful unto death and the reward as told in Revelations, "and I will give thee a crown of life."

Officers At Coronation

Mrs. Elliott also officiated at the Coronation of the May Queen, Miss Lois Billel, of Highland Creek. The May Queen is chosen by election by the pupils of the College. She must have a good moral character, a pleasing personality, an athletic record as well as a top-grade academic standing.

In fact, she is to be judged the best "all-round" girl of the year's registration. This year's total registration was 115.

Bride And Groom Given Shower

Mr. and Mrs. Ronald O'Neill Recipients of Gifts — Good Program Presented

On Friday night a shower was tendered Mr. and Mrs. Ronald O'Neill (nee Marie Sine) in Springbrook Hall, which was filled to capacity. Mr. Percy Ray capably filled the duties of chairman for the evening, extending congratulations and best wishes, and mentioning the high esteem in which Ronald and Marie are held in the community.

Musical selections included a duet by Misses Shirley Farrell and Mae Hagerman; duet by Misses Shirley and Marian Broadworth; a rhythm band selection by pupils of the Fourth Line School, under the supervision of Miss Ruth Mumby; vocal solos by Miss Barbara Green and Mr. Percy Ray. Mrs. John Ryan gave an appropriate reading. A piano solo was given by Harold Sines, and music was rendered by Linda Sine on her accordion, accompanied by Harold Sines on the piano.

Miss Gwen Ray read an address to Marie on behalf of her girl friends and presented her with kitchenware.

Mr. Ken Mumby read an address on behalf of the Fourth Line and community and presented the bride and groom with a trillight and occasional chair.

Miss Joy Colden read an address on behalf of the Minto community and presented a purse of money. Several wedding gifts were also received.

Ronald and Marie made very suitable replies for all the gifts, thanking everyone and inviting all to visit them in their new home in Toronto.

"For they are jolly good fellows," was sung, followed by "The Queen." Dancing was enjoyed with music, furnished by Phil Beaudrie and his orchestra, with lunch served at mid-night.

Transferred To Lindsay Branch

Joe Fellon, accountant at the local Branch of the Bank of Montreal for the past five years, has received notice of his transfer to the Lindsay Branch. Since coming here "Joe" has taken an active interest in all community activities and is well and popularly known by a host of friends, who will regret to learn of his departure. The transfer is expected to take effect within a few weeks.

Received Special Mention At Festival

At the final Music Festival sponsored by the South Hastings Educational Association, held recently at the Quinte Secondary School, Belleville, two numbers received special mention by the Adjudicator, Major Brian McCool, Assistant Director of Music, Department of Education.

A duet, "Fairies," by the Batawa School, whose Music Supervisor is Mr. B. Aylesworth, of Madoc, and a quartette, "Isle of Beauty," by the Point Anne School, whose Music Supervisor is Miss Betty McConnell, of Stirling, were the two schools mentioned out of the twenty-two schools participating.

4.6 Miles of Frankford-Foxboro Road To Be Paved

The Ontario Department of Highways will provide a mulch pavement for 4.6 miles on the Frankford-Foxboro development road at no cost to the County of Hastings. It was announced Friday by W. E. Sandercock, P.C. riding representative at Queen's Park during the past Legislature.

Mr. Sandercock stated that an amount of \$23,000 had been allotted for the work by the highways department. The work is to be carried out during the coming summer by the county roads department, likely during the month of August.

The road will be mulched east from Frankford to the Wallbridge turn.

Ivanhoe W.M.S.

The regular meeting of Ivanhoe W.M.S. was held at the home of Mrs. Keith Bray with 14 members and 3 visitors present. The President opened the meeting with hymn 280, followed by the Lord's Prayer. Mrs. Clarence Reid gave a reading on Christian Citizenship.

Business was discussed, followed by prayer by Mrs. Keith Bray. An invitation was accepted from Madoc W.M.S.

Mrs. Keith Bray took charge of the meeting using the worship service in the Missionary Monthly. Mrs. S. Prest, gave a reading followed by an accordian solo by Mrs. George Wood. Mrs. Hegerward favoured with a solo. Mrs. Keith Bray introduced the guest speaker, Mrs. L. Elliott, President of

the Belleville Presbyterian. Mrs. Bray also thanked the speaker for her interesting talk.

Mrs. Earl Benson conducted two contests, after which the hostess served refreshments and a social half hour was spent.

Carmel Married Couples Club

The Carmel Married Couples Club held their regular monthly meeting recently in the Jubilee Hall. The forepart of the evening was spent in fishing with everyone gathering at the hall at 9:00 p.m.

The President, Douglas Pyear, was in charge and opened the meeting by singing hymn 391, followed by the Lord's Prayer. The Scripture Lesson, the 1st chapter of Samuel, was read by Mrs. Archie Bailey.

Plans were made for the annual church service and the meeting closed with the benediction.

Mr. and Mrs. Jack Armstrong and Mrs. Helen Neal prepared the fish which were caught by the best fishermen, and everyone enjoyed a lovely lunch.

Church Service

Carmel Married Couples Club held their annual church service on Sunday, May 15th, at 8:00 p.m., with Rev. A. M. Lavery, B.A., B.D., Chaplain of Queen's University, Kingston, as the guest minister.

The service was conducted by President Douglas Pyear and Mr. Harry Brown gave a word of welcome to everyone. The Scripture Lesson, St. John, chapter 15, verses 1 to 14, was read by Mrs. Russell Pyear. The Responsive Reading was led by Mr.

Archie Bailey.

The Hastings County Junior Farmer Choir, under the leadership of Miss Betty McConnell, rendered two anthems, "Send Out Thy Light" and "Give Ear Unto My Prayer." Mr. Grant Richardson rendered a beautiful solo, "Jesus The Very Thought of Thee."

Rev. Lavery gave a very inspiring message and led in prayer.

After the service everyone was invited to the church hall and the Carmel ladies served refreshments.

Mrs. Dafeo Hostess To Salem W.A.

The May meeting of Salem W.A. was held at the home of Mrs. Dafeo with a real good attendance. The President, Mrs. Holden opened the meeting and welcomed all.

Mrs. Arnold Ray and Mrs. Cecil Carter were appointed delegates to the annual convention to be held in Madoc on May 26th. An invitation from Carmel Young Married Club to attend Church on June 15th at 8:00 p.m. was read by the Secretary. The members were asked to bring their quilt blocks to the next meeting.

Mrs. Clements thanked the W.A. for cards and treats sent Ralph while in hospital. Mrs. Wright thanked the ladies for the plant sent her. Mrs. B. Sine also thanked the W.A. for the baby quilt.

Mrs. Everett Sine was in charge of the Mother's Day programme. Hymn 504 was sung and the Scripture Lesson was read by Mrs. Wickens. Mrs. Heagle led in prayer. Readings were given by Mrs. Mayo, Mrs. Carter and Mrs. Sine. Hymn 609 was sung, fol-

low by prayer and benediction.

Mrs. Jackson moved a vote of thanks to Mrs. Dafeo and those who helped with the programme, after which a dainty lunch was served by the committee.

St. John's News

(By Rev. H. C. Secker)

During Lent the M.S.C.C. issued a special project for Church School pupils from 12 to 14 years of age. This was the construction of a large scrap book illustrating the "Jubilate." Under the direction of Mrs. Secker the pupils gathered pictures and texts for each page, which was devoted to one sentence of the "Jubilate."

We were informed the other day that his class had won second prize in the Dominion Competition. A certificate has been received and a framed picture will follow. This is a distinguishing honour for St. John's School and we are justly proud of the work done by the class.

The Rector and the Superintendent's Class have received several postcards from Mr. Fred Houchin, who is touring Europe. These have had very interesting information regarding the many places which are included in his itinerary.

Mrs. Joe Whitehead, teacher in the School, is also visiting the Northwest part of Canada with Mr. Whitehead. We hope that both these teachers will enjoy their travels and return to us soon.

The Confirmation candidates made a splendid picture as they knelt at the altar rail for the Laying on of Hands. This is a much better position than the former one at the foot of the chancel steps. It symbolizes more clearly

the privilege which is now theirs, of receiving the Sacrament at the altar. The Bishop was a dinner guest at the Rectory before going to Glen Miller.

Arthur W. Ghent Toronto, Awarded \$1,000 Fellowship

Arthur W. Ghent, of Toronto, son-in-law of Col. and Mrs. Roscoe Vanderwater, of Foxboro, has been awarded a \$1,000 fellowship for doctorate studies in the Division of Biological Sciences of the University of Chicago. He will be studying under the direction of Dr. Emerson and Dr. Park, among the most prominent men in the field of ecological research in North America.

Mr. Ghent is currently doing research in forest ecology at the Forest Insect Laboratory at Sault Ste. Marie.

In 1948 Mr. Ghent received the charter award of the Toronto Men of the Trees scholarship in forestry. He took a degree in forestry from the University of Chicago in 1950 and in the same year did graduate work in zoology on the Robert W. Lyons fellowship.

In 1952 he received a scholarship from the Research Council of Ontario, and in 1954 took his M.A. in zoology from the University of Toronto.

ONTARIO'S **farmers** SHARE A

BILLION DOLLAR BUSINESS

AIDED BY GOOD GOVERNMENT

More than a billion dollars worth of farm products have been sold by Ontario farmers in each of the last three years—nearly double the output of ten years ago.

Development of new crop varieties and thorough extension work under the present administration has expanded cash crop acreage in Ontario by more than 400 per cent.

Departmental herd improvement policies have

maintained livestock output at 70 per cent of Ontario farm income.

The Frost administration has introduced the most advanced marketing legislation of any Canadian province.

Community living in rural areas has been bettered through Frost government grants. Last year these amounted to a quarter of a million dollars for 108 community centres.

UNDER THE FROST ADMINISTRATION

SOUND LEGISLATION HAS BROUGHT BENEFITS TO ALL ONTARIO FARMERS:

- **HIGH YIELDING** crop varieties, introduced through Department of Agriculture support of research, has meant millions more in cash crop returns for Ontario farmers. The Department aids 250 field crop competitions.
- **WEED CONTROL** on 134,000 acres of crop and 28,000 miles of roadways received cash assistance from provincial Department of Agriculture.
- **CONSERVATION** was carried out in nearly 1,000 farm drainage and farm pond surveys last year. Sixty-three special field days demonstrated modern farm practice.
- **ENDLESS SEARCH** for better crop varieties at Ontario Agricultural College and Western Ontario Agricultural School is made possible by the Department of Agriculture.
- **FUTURE FARMERS** already have received a million and a quarter dollars in cash loans from the provincial government under the Ontario Junior Farmer Establishment Loan Corporation.

St. Paul's Notes

(By Rev. A. Packman)

Out of the Smoke

Those who take an interest in our lands and forests, lakes, rivers and wild life, missed a treat if they were not present on Wednesday evening of last week to see the film, "Out of the Smoke." It is the story of the salvaging of 200 million board feet of best Ontario timber. Following the great fire north of the Sault, enough timber to build 16,000 homes was rescued from the "Black Lands" and marketed by the Department of Lands and Forests. That Department has many a exciting story to tell and is always willing to tell it. Not only is the Department equipped with the best, the men who run it are also and always good to meet. I think the Ball and Chain Club scored a success in inviting the Department to come with the films shown on Wednesday.

The showing was followed by a Devotional session of high order with Dave and Evelyn in charge. The Lesson was read by Clare and X. P. sang a solo to his own accompaniment. It was great — "Closer walk with Thee, Let it be Dear Lord, let it be." I would not have missed that one item. Sandra and Jean Ann and Linda Lou sang, "Whisper a Prayer" and "Let the Sunshine In." All really good. Evelyn gave a talk on "Prayer," which she described as falling into three categories — asking God for things, groping for God and posture. Prayer, she said is "Communion with God." I do not know of a better definition.

Banns

The Banns were published on Sunday, May 22nd, 1955 for the intended marriage of Norris Ingram Easton, of Belleville, and Ruth Lurene Brady, of Stirling, at St. Paul's on Saturday, June 4th, 1955.

Anniversary

The St. Paul's Sunday School Anniversary was held on Sunday last. The minister was assisted by the Superintendent, Mr. George Carlisle; Assistant, Mr. Charles Davidson; and the Secretary, Mr. Bryce Philp. The Jr.

Choir and other children of the School took part in the musical programme, with the Juniors singing "Praise Him, Praise Him."

The minister of Bridge Street United Church, Belleville, was present and conducted the evening service.

Whit-Sunday

One of the great days of the Christian Year next Sunday. I was told last week that many people do not know what Whit Sunday means. I should have thought few indeed would be unaware of its meaning.

The subject for Sunday is: "The Practical Blessings of the Holy Trinity."

Is it by accident then, that current crack among the intelligencia is "Faith, Hope and Parity?"

It is no exaggeration to say that, without Whitsun, there would have been no Christian Church. Churches are not built on ideas and the Church did not spring to life out of a bunch of discredited men — it came like the wind — there was an influx of a new spirit — and men were carried whither they would not go. It can scarcely be denied that what we most need today is not an influx of new knowledge — knowledge is almost the death of us — we need an influx of a new spirit. Pentecost gave it and can give it again. Pentecost tells us that there is no force capable of standing against a free and loyal spirit — the voice of such a one is louder than the rolls of guns and though it at times dies down to a whisper, it will be heard around the world.

Freedom

If a man does only what is required of him, he is a slave. The moment he does more, he is a free man.

Spring Cleaning

Passing a house recently I noticed what I would take to be the whole of the furniture, goods and chattels placed on the grass outside. There were tables and chairs, pots and pans, chests and dresser, and a bed. How you men must envy the ladies at this time of the year — what a picnic they do have. What I saw was, I think, the preparation.

One of the sights — certainly. Prob-

ably the lady of the house was cleaning the house so that she would not be too disturbed or embarrassed when the cleaning woman came.

Signs

In Army vernacular — Roads — I often wonder why our Council does not remove the Road Signs!

I am told that there is a very slight difference between keeping your chin up and sticking your neck out — probably! The difference, however, is certainly worth knowing.

But those signs are pretty, just the same.

What Others Say!

YOUR SMILE MAY HELP
BUILD YOUR TOWN

The scramble for towns to get new industries is pretty general throughout Ontario, but the average citizen does not fully realize the problems that confront those who undertake such work for the town, declares the Acton Free Press in a recent editorial. In Orangeville, the Greening Wire Co. is building a new plant and the mayor says the work on securing it started months ago. Few people realize how important their individual contribution can be and their attitude can affect the decision of an industry to locate in a town.

We have known of towns that lost industry because the townsfolk whom strangers interviewed did not speak well of their own town. No industrialist wants to locate in a town where the present populace is not happy or congenial.

Getting industry or making any town a pleasant place to live in is not he work solely of councils, committees or boards. It is a job in which every citizen can help, even in your greeting on the street with those you meet.

LUXURY TRAINS FOR FREE RIDERS

From the time that railways were first built in Canada the railway companies made a practice of presenting all members of parliament with passes over their lines. Some people looked on this practice as a form of bribery and stirred up an agitation against it.

Parliament itself settled the matter by enacting a law declaring that its members are entitled to free transportation on all railways in Canada, and authorizing the Clerk of the House to issue passes to all its members, which passes the railways are required to honor.

If members of parliament had to pay their fare for all the travelling they do, it would cost them a substantial part of their indemnities. They are entitled to have their travelling expenses paid, just as the employees of industry are when travelling on their employers' business.

But why should the railways have to pay these expenses? Railway passenger traffic is not profitable to the railways, even when all travellers pay full fare. It is still less profitable when a substantial number travel deadhead.

The C.P.R. in trying to make its passenger traffic profitable, put on a special luxury trans-continental train. It figures that this train will be profitable if it can be filled with paying passengers. But if it has to carry many people on passes the train will not be profitable. So it asked the members of parliament to please use other trains when travelling on their passes.

This was a reasonable request and there was no occasion for the indignation expressed in parliament over it. In acting as they did the members showed little appreciation of the difficulties under which our railways are operating, and little inclination to co-operate in solving the railway problem.

The travelling expenses of members of parliament is a legitimate charge that the government should pay. It is an imposition to make the railways absorb this expense. —The Rural Scene.

Mr. and Mrs. Ed. Emerson and Ann accompanied Mr. and Mrs. Jack Hendricks to the States on Monday. Several from the community attended Memorial Landing Services at the Indian Reserve on Sunday.

Miss Bessie McMullen accompanied Mr. and Mrs. Frank Hutchinson, of Detlor, to Ottawa over the week-end. Congratulations to Mr. and Mrs. Jack Wardaugh (nee Barbara Robson) who were married recently.

Mr. and Mrs. Coleman Townsend, Douglas and Ralph, spent Saturday evening with Mr. and Mrs. Jack Ketcheson and family at their cottage, near Frankford.

Kum Double Club

The Kum Double Club met at the home of Mr. and Mrs. Harry Morgan recently with a good crowd in attendance. Beatrice and Earl Snider were the programme conveners for the evening and had as the guest speaker, Mr. Bob Wood, who recently with Mrs. Wood, enjoyed a trip to Ireland. All enjoyed his talk as he shared his trip with us.

As this was the last meeting of the club until September plans were made for a picnic during the summer. After a lovely lunch was served by the hostess a vote of thanks to Lois and Harry was extended by the President, which brought a pleasant evening to a close.

W.A. and W.M.S.

The W.A. and W.M.S. met at the home of Mrs. Fred Wellman on Wednesday afternoon with a good attendance. The W.A. President, Mrs. Coleman Townsend, presided, and the meeting was opened by the singing of the theme song and repeating the ode.

Mrs. Fred Wellman read the minutes of the last meeting and the offering was received. It was hoped that many would be able to attend the convention in Madoc on May 26th. Plans were made for the strawberry social in June. Flowers were to be sent to a newcomer to the community who has been ill. The W.A. prayer closed the meeting.

The W.M.S. President, Mrs. Gordon Roth took charge of the meeting. A short worship service was conducted by Mrs. Roth, assisted by Mrs. Coleman Townsend, Mrs. Roscoe Robson and Mrs. Harry McMullen. A hymn was sung and prayer led by Mrs. Darke. The offering was received, and dedicated.

Mrs. Chas. Huffman had charge of the study book, assisted by Mrs. Fred Wellman, Mrs. Elmer Tufts and Mrs. John Wilson. The meeting was closed with a hymn and prayer.

Lunch was served by the hostess and her assistants and a social half hour enjoyed.

Sidney Township and Belleville for many years and his death will bring sincere regrets to a wide circle of friends.

He was born in Huntingdon Township, 68 years ago, being the son of the late Mr. and Mrs. Lorenzo J. Burke and as a young man moved to Sidney Township, where he farmed for many years before moving to the city of Belleville 15 years ago to enter the insurance business with the late George A. Reid. On the death of Mr. Reid he took over the agency of the Great West Life Assurance Company and continued this business until his death.

In the civic and church life of Sidney Township he took an active interest. He was identified with the Wesley United Church and was prominent in all the work of the congregation. This work he continued after going to Belleville, being secretary of the Board of Holloway Street United Church for some years. In municipal affairs he took an active part and represented that Township in the

County Council for some years. He was also a member of the Board of Education in Belleville for some time.

Fraternally he was identified with Eureka Lodge A.F. & A.M., No. 283. He became a life member of the lodge and for a term was the Worshipful Master. He was also the district secretary for Prince Edward District and was also a grand lodge officer being named as Grand Steward. He was also a member of Benjamin Lodge L.O.L. Lo. 274.

The late Mr. Burke in early life became a telegraph operator on the old Grand Trunk Railway and served as operator at Anson and Campbellford before leaving the road to take up farming.

Surviving are his wife, the former Lena Lane, one daughter, Mrs. John (Maude) Baxter, of Carrying Place, one brother, H. R. Burke, of Ivanhoe and three grandchildren. Two sons, one daughter, a brother Joseph Burke and a sister, Mrs. Maude Brough are deceased.

Safety Hints For Cottage Owners

For safer and happier holidays at the summer cottage, safety officers of the Ontario Department of Lands and Forests offer these tips. They are in addition to their seasonal warning to be careful at all times with fire in the woods, especially during the forest fire season, April 1st to October 31st:

1. Remove any dead trees or broken limbs from the cottage site. They may fall during high winds.
2. Make certain that the stove pipes and chimney are clean and sound. Better still, install a spark arrestor on the chimney.
3. Check the dock for broken planks.
4. Check water craft for weak points that may fail in rough water.
5. Have a safe gas can and avoid spilling this highly inflammable fuel in the boat where a spark may ignite it when you're a long way from shore.
6. Know the safe carrying capacity of your boat or canoe and don't overload. Keep plenty of freeboard for, while it may be calm when you leave shore, large waves from a storm or other boats may wash over and swamp your craft.
7. Don't stand up in a small boat or canoe.
8. Carry sufficient life preservers for all aboard.
9. Don't travel at night without lights.
10. Don't leave the boat if it upsets. Hang on until you drift to shore or until help comes.

Provincial Milk Production

What provinces produce the most milk per capita in Canada? It may surprise dairymen in Quebec and Ontario to learn that Dominion Bureau of Statistics' figures on total milk production for all purposes, show Saskatchewan and Prince Edward Island as the only provinces producing 1,400 pounds or more per head of population. Alberta, Manitoba and Quebec produce between 1,100 and 1,399 pounds per capita; Ontario and New Brunswick 800 to 1,099 pounds, and British Columbia and Nova Scotia from 500 to 799 pounds. In total quantity of milk produced, however, Quebec and Ontario together account for two-thirds or 66 per cent of the total, which Saskatchewan and Prince Edward Island together produce less than 10 per cent.

Mechanization has helped to better forest management.

Light Spring-Time Desserts

Dessert is the finishing touch to a meal and now that spring is here everyone is looking for new or different dessert ideas. To help home-makers the Home Economists of the Consumer Section, Canada Department of Agriculture, offer some timely suggestions for tempting spring-time desserts. They draw attention to one rule applying to desserts that should be followed and that is to serve the type of desserts that blends in colour, texture and flavour with the rest of the meal.

Generally desserts are thought of as being of two types, substantial or heavy, and light. Substantial desserts are those like pies, fruit dumplings, steamed puddings and so on while a few of the lighter ones are gelatine desserts, milk puddings, light fluffy whips, fruit cups and such like. A heavy dessert like a cherry dumpling makes a good ending for an otherwise light meal, while a lighter dessert such as a mixed cup is more suitable with a heavy meal. However, irrespective of whether the meal is heavy or light, cool less filling desserts are more popular in the warm weather.

Custard is a perfect springtime dessert — perfect because it fits every occasion and every taste. It is just the thing served plain for a family supper or dressed up for a party luncheon. Whether it is a firm or soft custard you start with the same ingredients — fresh eggs, milk, sugar and flavouring. It is the way that they are cooked that makes the difference.

Baked custards win favour when smooth and velvety with no sign of curdling or watery separation. It is very easy to produce custards like this provided they are not baked at too high a temperature or cooked for too long a time. These firm custards are best oven-poached — that is baked in a pan of water in a moderate oven.

There are many additions that can be made to custards to vary the flavour, colour and texture to make them a little more interesting. To name a few there is coconut, prepared cereal, coffee, chocolate, marshmallow, maple syrup, caramel, grated or chipped chocolate. A little fruit baked in the bottom of a custard is another variation worth trying. Still another is the old fashioned custard pie with its neatly crimped shell.

Strange as it may seem, when cooking at a low temperature has been considered the secret of a perfect custard, the baked type can be made equally successfully in a pressure saucepan. The only difference being that there is no slight browning on the top of the custards cooked under pressure. To cook custard this way cover each individual cup with two layers of waxed paper and tie securely with a string. Then put half a cup of water in the pressure saucepan and place the custard cups on the rack. Cover saucepan and allow the air to escape. Cook at fifteen

pounds pressure for three minutes then cool saucepan quickly and there it is — a smooth, velvety custard in three minutes.

A soft custard or custard sauce as it is some times called may be a bit tricky to make so check these secrets carefully. Beat the eggs only long enough to blend the yolks with the whites, also heat but do not boil the milk before adding it to the egg and sugar mixture. When cooking this type of custard it must always be cooked slowly over hot water, stir constantly just until it thickens or coats a metal spoon, then cook quickly. A soft custard can be turned into a glamorous floating island by topping it with a meringue and garnishing with fresh or frozen fruit.

Gelatine desserts are colorful and attractive and they lend themselves to using up bits of left-over fruit or fruit or fresh fruit or fruit juice. When stiffly beaten egg whites are folded into partially set gelatine mixtures lovely sponges are produced that can be served with fruit, a custard sauce, or whipped cream. For more elaborate desserts the whipped cream may be folded into the partially set gelatine mixture in place of the egg whites.

A light chiffon pie is a year round treat, but it is especially liked in the spring when a double crust pie may seem a bit too heavy. Milk desserts like blanc mange, Spanish Cream, junket and sherbet are also excellent to serve in warm weather and are simple to make with either fresh fluid milk or milk powder.

CONSERVATION NEWS!

Dry Weather Increases Fire Danger

Five fires were extinguished during the week, three in the Bancroft area and the other two in the Dacre Chief Ranger Division. Prompt action by the ranging staff confined these fires to small areas. Of the five fires reported, two were attributed to unextinguished camp fires left by fishermen, one each to smokers and a settler, and one by sparks from a railway locomotive.

This week the danger rating stayed in the medium range a good deal of the time, with the Protection Staff well aware that the danger period is by no means over and until new growth is well advanced, high fire danger conditions can develop very rapidly. Fishermen and others travelling in the woods are requested to exercise and observe every precaution to see that smoking materials and campfires are completely extinguished. Brush burning fires are a source of danger at this time of year and it has been found necessary to cancel fire permits until such time as a general lowering of the fire danger occurs.

Kamloops Trout Introduced Into District Waters

Kamloops trout may fill the niche vacated by speckled trout after perch and other warm water species have found their way into these waters.

District lakes stocked for the first time a few years ago with Kamloops trout, have given up a goodly number of these fighting beauties to district anglers.

Records to date show that some of the four year old fish taken weigh up to 4½ pounds. Kamloops, Rainbow and Steelhead trout are all closely related, so much so that they can be considered the same fish except for minor differences in colour, etc., that are said due to environmental changes.

The Kamloops in Western Canada in some lakes reach as high as 50 lbs. The record weight for Kamloops trout taken by rod and line, according to F. C. Whitehouse in his publication "Sport Fishing in Canada" is 53 pounds.

The Kamloops is a great leaper and will strike a fly at the surface with terrific force. They can be seen on occasions feeding upon minnows close to the surface, at this time the Kamloops appears to be imitating the porpoise.

The Kamloops can be taken on fly, trolling, and with ordinary minnows and bait rod.

More happiness is gained by self-denial than by self-indulgence.

NEWS FOR THE BUSY FARMER

DAIRY COW IS HARD WORKER

The dairy cow, first step in the chain that produces top grade Canadian butter, is a hard worker. Not only does she act as foster mother for a good section of the human race, turn out the ingredients for tasty, nutritious butter, but she is an active conservationist.

Dairy herds grazing contentedly on pastures around this province during the summer months, do a lot to maintain the fertility of Ontario farm land. Without them, costs of producing crops would increase sharply.

Recently, at a farm meeting in Ontario, a U.S. soils expert told farmers that cattle would keep about 75 per cent of the fertility on the land, whereas crops shipped off the farm cut sharply into soil fertility.

By feeding crops to cattle, and selling either milk or cream, the farmer is going a long way toward reaching a happy balance. If he returns manure to his fields, his losses of soil nutritive value are slight.

Another factor worthy of consideration is the fact that much land is suit-

able only for pasture. It will produce pasture, which in turn will support cattle and produce milk for both rural and urban consumers, but would be of little value for other crops.

Farm And Home Week

Farm and Home Week at the Ontario Agricultural College, Guelph, will be held this year from Tuesday, June 7th to Friday, June 10, inclusive.

The campus will be open to Ontario farmers and their families each day from 9.30 to 5.00 p.m. Eastern Daylight Saving Time. In the mornings the College buildings will be open to the public, and exhibits will be on display in the various departments. Parking facilities will be provided.

The Livestock Review, a perennial feature of Farm and Home Week, will begin at 12.30 each afternoon, and will be followed by tractor and safety demonstrations. For the remainder of the afternoon, buses will provide transportation to the College departments, where farmers will be able to meet College staff members and discuss their problems with them.

Exhibits will include material on agricultural education, beekeeping, dairying, farm business, farm buildings, farm machinery, livestock, poultry, and soils and crops.

A farmer who keeps records will discuss his farm, his financial problems, and his business management each day at 2.05 p.m. In addition, staff members of the Department of Agricultural Economics will be prepared to discuss each day problems dealing with farm accounting, father-son agreements, rental and lease forms and farm financing.

Those farmers interested in farm buildings will be able to see models of various types of buildings and labour-saving equipment in the Agricultural Engineering building. Members will discuss pole barns, self-feeding silo and hay feeders, horizontal silos, hay storage, and self-feeding units, and demonstrate a portable hay drier. New agricultural equipment which has been developed at the College will be on display.

Farmers wanting to know more about soil management and fertility will be able to study crop rotation ex-

periments, the use of different types of fertilizers, methods of soil management, and actual soil testing procedures.

New varieties of oats, barley, wheat, corn and soybeans will be discussed at the experimental plot areas each afternoon. And several exhibits will reveal methods of insect and pest control.

Ladies will find at Macdonald Institute many displays showing developments in home living, table settings, textiles, weaving, and food preparation. At the Horticulture Department, greenhouse and flower displays as well as gardening information, will be offered.

Additional information about Farm and Home Week is now available at the office of the Agricultural Representative.

SUNFLOWERS IN THE PET FOOD TRADE

Sunflower acreage is steadily increasing in Southwestern Ontario, reports the Experimental Farm, Federal Department of Agriculture at Harrow. They are adopted to a wide range of soil but most of the acreage is on the heavier land which gives the roots a better anchorage. In 1954 over one thousand acres of sunflowers were grown in Essex County, most of which was grown under contract or agreement.

The crop is produced to meet the needs of the pet food trade and for this purpose a distinct type of seed is required. The demand is for light grey striped seed, medium to large size and plump.

Sunflower seedlings will withstand considerable frost and therefore may be planted early in May. Early planting usually gives the best results. Cultural and fertilizer practices are very similar to those recommended for corn.

The early varieties of sunflowers, represented by some of the Mennonite strains are usually ready to harvest during the latter half of September. The tall growing late varieties, such as Mammoth Russian are rarely ready to harvest before the middle of October.

Yields vary with the fertility of the land and management, and will range from 800 pounds to 2000 pounds per acre.

SAVING LABOR IN CHORE ROUTINE

A saving of 256 hours of labor and 42 miles of walking in a year, resulted from changes in chore routine on a dairy farm at a cost of less than ten dollars. This new routine saved al-

most one month a year in chore time, reports the Economics Division, Department of Agriculture, Ottawa, after a study of labor costs on over 1,000 Ontario dairy farms.

In 1949 the owner of this dairy farm became a member of the Dairy Herd Improvement Association of Ontario. Shortly after receiving some literature on the time and motion technique of studying dairy barn chores he decided to enlist the help of a friend who was in sympathy with his aims. While the farmer went about his tasks in the usual manner his friend recorded the time required for all jobs performed and the distance travelled.

On analyzing the results, it was revealed that the operator required only 62 minutes and 354 steps per cow per day to do the summer chores. A similar study during the winter months showed that 14-13 minutes and 636 steps were needed per cow per day to do the chores. The farmer was not satisfied, so with a very few minor alterations at little expense, increased his labor efficiency to the extent mentioned, and still maintained the high quality of milk that had always been produced.

Changes in chore routine such as those tried by this dairy farmer can be made on any farm. Usually it requires only a questioning attitude towards every part of the routine and recognition of the need for a change. For further information on this subject write to the Information Service, Canada Department of Agriculture in Ottawa and request Publication 913—Labor Analysis of Dairy Barn Chores.

F.I.L.A. LENDS \$2 MILLION IN 1954

The 1954 Annual Report of operations under the Farm Improvement Loans Act was tabled in the House of Commons recently by the Honourable Walter Harris, Minister of Finance. The Report discloses that the 1954

loans total \$62,073,806. This is a decrease of 36% from 1953, although the lending for the year was still well above the long-term average of \$51,000,000 per year.

Loans made in the Prairie Provinces accounted for 60% of the total as compared to 70% in 1953. In all the Provinces except Quebec and Newfoundland, which showed slight increases, the loans were down. Saskatchewan had the greatest decrease, 46%. Alberta had a reduction of 36% with the other provinces showing proportionate decreases.

During 1954, slightly more than \$52,000,000 or 84% of the total borrowed was used for the purchase of farm implements and trucks. Approximately 54,000 implements with an estimated sales value in excess of \$91,000,000 from 1953 which reflects

the reduced volume of implement sales last year.

In 1954, farmers purchased 20,023 tractors, (38% used); 8,368 trucks, (47% used); 4,961 combines, (45% used); 543 threshers, (36% used). It is estimated that 45% of all new tractors; 47% of all new combines and 54% of all new threshers purchased in Canada in 1954 were financed under this Act.

A total of \$2,875,926 was borrowed in 1954 to purchase livestock. This was a slight decrease from 1953. Alberta farmers obtained 26% of loans under this classification; Ontario, 23% and Quebec 14%.

Rail crossing collisions killed 66 drivers and passengers in motor vehicles in Ontario last year.

HYDRO and the Weather

The man on the pole is typical of the many Hydro employees who stand ready, 24 hours a day, 7 days a week, to respond to emergency calls for service.

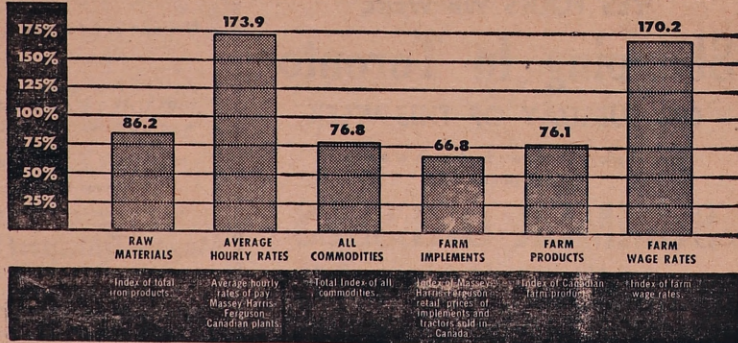

If trouble is of a minor nature service is restored promptly. Sometimes however, due to severe storms, sleet or hurricanes, trouble reaches major proportions. When this happens, crews work hard and fast, to repair wires, replace poles and burnt out distributing equipment. This work is carried out at any hour of the day or night until service is restored, for these men appreciate that wherever wires run people depend upon electricity for most of the conveniences and comforts of modern living.

The great scope and flexibility of Ontario Hydro's province-wide operation, its resources of manpower and equipment, make it possible to cope with emergencies when they occur.

PERCENTAGE OF PRICE INCREASES IN CANADA SINCE 1941

FARM IMPLEMENT PRICES Maintained at Low Level of Increase

Throughout the past ten years farm implements have offered more and more in time and labour saving advantages. In fact, owing to the scarcity and high cost of skilled labour, farmers found in mechanization the means to maintain their operations efficiently and profitably.

And the chart above clearly shows an outstanding achievement by the Company in maintaining prices at a low level of increase over 1941. The index for Massey-Harris prices of implements and tractors sold in Canada has increased by only 66.8% from 1941, whereas the index of "all commodities" shows an increase of 76.8%. The index of raw materials that go into farm implements is up by 80.2% and the index of hourly

rates of pay in Massey-Harris-Ferguson Canadian plants is up by 173.9%. Farm products prices index is 76.1% higher and the index of farm labour wage rates is 170.2% over that of 1941.

To place equipment in the hands of the farmer at the lowest price practicable, farm implement prices over the years have been held to an exceptionally low level of increase in the face of the great advances in the cost of labour and materials.

In ability to do a lot of work quickly and easily, in quality of materials and workmanship and in price, farm implements and tractors offer exceptional value for the money.

Mr. and Mrs. John Wallace and Allan, Mr. and Mrs. Morley Haggerty, Mr. and Mrs. Don Haggerty and Jack and Mr. and Mrs. William Donnan attended the McIntosh — Clancy wedding on Saturday afternoon.

A large number from here and from the Fuller community, attended the funeral service for the late Arthur Burke on Wednesday at Belleville. Mr. H. R. Burke has the sympathy of the community in the loss of his brother.

Mrs. William Bray is spending a few days with Mr. and Mrs. Jas. Bray, of Parham.

The Endeavour's Class held its regular meeting on Thursday evening at the home of Mr. and Mrs. Howard Cooke, with a fair attendance. Mr. Clayton Wright presided over the programme that was prepared by Mr. and Mrs. William Fitchett.

Mr. H. R. Burke conducted a lively sing song and Rev. C. D. Chapman offered prayer. Mr. Philip Carr read a portion of Scripture and explained the passage. Marilyn and Lois Cooke contributed a couple of songs. Rev. C. R. Chapman gave the special address and Mr. Mac Saries gave a reading. Arthur Wilson thanked those who made the evening so enjoyable.

St. Andrew's W.M.S. and W.A. West Huntingdon

The regularly monthly meeting of St. Andrew's Presbyterian W.M.S. and Ladies' Aid was held at the home of Mrs. W. H. V. Walker, Stirling, on Thursday afternoon.

Mrs. Harry Benson presided and opened the meeting by the hymn, "Breath of God," followed by prayer led by Rev. W. H. V. Walker. The Scripture Lesson, Matthew 14, was read by Mrs. John McInroy. The roll call was answered by 19 members. Plans were made to attend the Presbyterian W.M.S. Summer Rally to be held in Pittsburgh on June 14th. It was decided to hold a home cooking sale at Oak Lake later in the summer. A piano solo, "Rock of Ages," with variations, was given by Mrs. Milton Shaw.

Highlights of Synodical

Mrs. W. H. V. Walker gave some of the highlights of Synodical held in Galt in April. Meeting highlights were the addresses by Mrs. W. E. P. Rumball, Kobe, Japan, and Rev. W. E. Rumball, who showed beautiful slides of the country and of his work. Encouraging reports were given indicating our allocations had been met. Mrs. Gould, Director of Publications, gave many new suggestions regarding reporting of items for the press. The Moderator of the General Assembly, Rev. J. L. W. McLean, told of his recent visit to Formosa. Rev. Jas. S. Roe, of Sudbury, Moderator of Synod, spoke on "The Open Door."

A piano duet was given by Mrs. Lindsay Sills and Mrs. A. Hassall. The second chapter of the study book was conducted by Mrs. B. Haggerty, "Education In India."

Mrs. Milton Shaw gave an interesting and profitable study of the fifth Commandment, "Honour Thy Father and Thy Mother, that thy days may be long upon the land which the Lord Thy God giveth thee."

This Commandment is the first and only one to contain a promise. In days of old especially among the Hebrews, care of parents was a must to the children and neglect of them punishable, sometimes by exile. To honour is not only to love but to respect and hold in reverence. In Ephesians 6-4 we read "Fathers provoke not your children to wrath, but bring them up in the nature and admonition of the Lord and children obey your parents for this is right in the sight of God."
